6.2 Does the Institution has a management Information System

Yes.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1   Curriculum Development

1. It is responsibility of each department that the curriculum is updated as per market demand.
2. BoS is composed of senior faculty members of dept., industry experts and invited experts
3. Board of Studies (BOS) meeting held every semester for syllabus revision/restructuring/electives and sends for approval to AC.
4. AC at University level examines the proposal sent by BoS and approves/disapproves it.
5. Major restructuring of any course if required is carried out only after 3 years of successful running.

6.3.2   Teaching and Learning

1. Teaching plan is prepared and is adhered to by the faculty members.
2. Faculties are sent to attend short term training programmes/workshops/seminars.
3. Use of Power point presentation, e-learning resources.
4. Case based teaching pedagogy is applied in the most of the subjects and students are also given practical knowledge and field exposure along with theoretical foundation.
5. Inclusion of new topics beyond the syllabus is encouraged along with new experiments.
6. Process is adopted to identify weak students (based on their performance in regular Sessional exams) and counselling with faculty members is arranged to bring their performance to acceptable levels.

6.3.3 Examination and Evaluation

1. Implemented continuous and comprehensive evaluation system for examination and evaluation by holding sessional exams.
2. Continuous and periodic exam is conducted for overall evaluation of the students and for the weak students, remedial exam is conducted. It is compulsory for all the students to clear internal components before appearing for final university examinations.
3. At the end of internal examinations students are shown corrected answer sheets so that they can evaluate themselves and can get the idea how to overcome their lacuna. On demand students can see their evaluated answer books for the University Examinations.
4. Academic Calendar is strictly adhered to.
5. Multiple sets of question paper are drawn by team of internal and external examiners.

6.3.4 Research and Development

- Faculties are encouraged to apply for projects to various funding agencies. Two DST FIST grants and two UGC SAP funds were received by University. Faculty are also motivated for writing books. Five books with ISBN number were published.
- Faculty are encouraged to do consultancy work and Rs.116.6 lac was generated through it.
- On line access to research material through means of e-journals and e-resources.
- For presenting papers in the conferences, 90% of registration fees is funded by University.
- Significant increase in the research publications over last few years.
- Faculties are inspired to improve their qualification by pursuing Post Graduation and PhD.
- Provision of RPC's for monitoring and guiding research activities of PhD students.
- Eminent personnel from reputed research organizations and industry are members of RPC's.
- More than 60% of staff involved in research.

6.3.5 Library, ICT and physical infrastructure / instrumentation

- Library with ultra-modern facility like books, journals, e-journals, magazines, internet facility
- Developed new labs with sophisticated equipment, added new books in departmental library.
- Faculty members submit their requirements and on this basis department requirement is submitted for approval.
- Library is equipped with latest scanner, photo copier, and printers.
- Each faculty has its own library
- Book bank facility provided.

6.3.6 Human Resource Management

Job Analysis, Manpower Planning, Recruitment, Induction, Training, Career Development, Compensation, Benefits, Performance Appraisals, Internal Mobility, Grievance Handling.

6.3.7 Faculty and Staff recruitment

- Well defined process for faculty recruitment:
- Advertisement is published in newspapers and details displayed on university website..
- Eligible candidates appear for technical evaluation / communication test.
- Personal interview follows.
- As per requirement faculty recruitment is conducted at university level.
- Eligibility criteria/pay scale is as per University /UGC/AICTE/DTE/DCI/PCI/GOG norms as applicable.

6.3.8 Industry Interaction / Collaboration

1. Expert lectures by professionals for the benefit of students.
2. Developing contacts with the industry for student training and placement.
3. Collaboration with industry leaders like TCS, Infosys, GNFC, GSFC, RIL, Essar, Linde, L&T, Meghmaini Organics, UPL, Dyechem for training and placement of students.
4. Signed MOU with BOSCH REXROTH for Centre of Excellence in Automation Technologies. Also signed MOU with Roshni Computers, Baroda and Rajeev Machines Tools, Ahmedabad.
5. Shah Schulman Center for Surface Science and Nanotechnology is handling various industry research projects
6. Arranged industrial visits for the students to various industries under patronage of students cells of ISA,IEEE,IETE,IEI etc.
7. Help from industry experts is continuously sought for (a) expert views in BOS (b) inviting them for guest lectures and (c) examiners

6.3.9 Admission of Students

Admission process of students is transparent, merit based and it is conducted by the JACPC, Government of Gujarat.
1) Admission through Joint Admission Committee for Professional Courses (JACPC, Gujarat) which is fully transparent and based on merit.
2) Other than professional courses University handles the admission based on merit.
3) NRI admissions are done at Institute level based on merit. These admissions are based on JACPC guidelines and need to be approved by them.
4) Fees and admission criteria are as per FRC, Govt. of Gujarat

6.4 Welfare schemes for

Teaching	146
Non-teaching	96
Students	36

6.5 Total corpus fund generated

Rs. 55049599/-

6.6 Whether annual financial audit has been done √ Yes ☐ No

6.7 Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	External		Internal	
	Yes/No	Agency	Yes/No	Authority
Academic	Yes	ISO	Yes	Internal Auditor of ISO
Administrative	Yes	ISO	Yes	

6.8 Does the University/ Autonomous College declares results within 30 days?

For UG Programmes Yes √ No ☐

For PG Programmes Yes √ No ☐

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

Remedial Exams within one months of publication of results.
 Re-remedial Exams before beginning of new semester to help clear backlog.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

N.A.

6.11 Activities and support from the Alumni Association

- ✓ Continuous support from the Alumni in form of student scholarships, student training/placement, expert lectures. Offers funds and financial support to conduct various cultural and extra- curricular activities in the university.
- ✓ Alumni Association plays a key role for final and summer placement of the current batches and also for previous batches. Their feedback provides an insight to upgrade curriculum and introduction/removal of the content/subjects etc
- ✓ Alumni meet held every year.

6.12 Activities and support from the Parent – Teacher Association

- ✓ All the parents are invited for Orientation program and briefed about the academic calendar ,pedagogy adopted by us and the expectation from parents for building the career of their child.
- ✓ Parents are invited on regular basis and their feedback is incorporated in various ways to improve the services to all the stakeholders.
- ✓ Regular meeting between parents/guardians and teachers provides a linkage to enhance the academic effectiveness of the program. It also helps to groom weak and bright students for their customized needs.

6.13 Development programmes for support staff

- ✓ Various training programs is being organized for support staff and also encouraged to participate

6.14 Initiatives taken by the institution to make the campus eco-friendly

1. Implemented project for complete recycle of all the waste produced on the campus
2. Campus is free from tobacco.
3. Students and faculty members are encouraged not to honk within the campus to contain noise pollution.
4. Proper maintenance of gardens, trees, plants in the university campus
5. Tree Plantation Programme
6. The Eco awareness is created by posters/slogans and students are encouraged to be active members in environment protection.
7. Use of solar technology for street light and in Hostel
8. Monitoring of Water and Air Quality by Environment Audit Cell of University.
9. Dustbins are provided at all major locations to prevent any rubbish in the campus.
10. All the buildings are constructed to utilize maximum natural light.
11. Emergency DG set is available in case of power failure

Criterion – VII

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- Project for complete recycling of all the waste produced on the campus:
  We have implemented a Project whereby all the waste produced on the campus is collected and transported to a central place where it is processed. This is the first step in creating a model for a campus-wide treatment system which can be replicated wherever it is applicable.
  It provides another area for the University to hone its capabilities in the field of chemical engineering, civil engineering and environmental engineering besides creating relevant competence.
- Establishment and institutionalization of academy-industry interaction by way of regular courses for industry professionals for up to 6 months duration. This is being done through the Anchor Institute for Chemicals & Petrochemicals. By this way the University is fulfilling its mission to the Society.
- DDU Connect Newspaper run by the students, for the students.
- Bosch-Rexroth Centre for Excellence in Automation Technologies.
- Research publication is made mandatory in Master program as adopted in Doctoral program.
- Communication Skills is taught through task based learning approach and compulsory course in UG Program.
- PG Departments have introduced two separate platforms for the students (called WLS-Weekly Lecture Series) and also for faculties and outside experts (called FSS- Faculties Series of Seminar) to present and share their views, ideas and thoughts. This is highly encouraged by the faculties for students as a beyond Curriculum skill nurturing platform.
- Academic calendar religiously followed.
- Fixed convocation date 9th May, practice in vogue for more than two decades.
- In order to monitor the major projects with industry, senior faculty members have visited companies in Ahmedabad and Vadodara. This visits were found to be very useful in developing rapport with the industry.
- Industrial Visits are being organized regularly for the students to give exposure to latest developments.
- Strong feedback mechanism from all the stake holders.
- Student counselling and mentoring mechanism in all the departments

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- Academic Calendar being published before the commencement of the academic year.
- Teaching plan for each subjects.
- Feedback of students, CR of staff, Minutes of meetings of BoS, Programmes/Training/Projects/seminars/Workshops
- All the Departmental Heads are preparing the plan for research, Workshop, Seminar, Training needs, any other enhancement and special allocation of budget required etc. and at the end of the year the achievement is monitored.
- All staff members are required to plan of their activity at the beginning of the semester/year.
- Staff members are expected to publish at least one paper in an academic year.

7.3 Give two Best Practices of the institution *(please see the format in theNAAC Self-studyManuals)*

1) Continuous and comprehensive evaluation
2) All the activities like teaching , exams , co-curricular activities are strictly followed as per the academic calendar

7.4 Contribution to environmental awareness / protection

1. The University has implemented a project to make this campus a "zero discharge" campus, by collecting all the waste and processing it at a central treatment plant.
2. Air and Water quality is monitored by the Environment Audit Cell regularly.
3. Tree Plantation.
4. This is a tobacco free institution with green and clean environment.
5. The institute has recently formed Eco Club and plans series of activities under the same for the environment protection.

7.5 Whether environmental audit was conducted?
     Yes

7.6 Any other relevant information the institution wishes to add (for example SWOT Analysis)

- State of the art Nano Technology Research Centre
- Research & Development department doing cutting edge research
- Anchor Institute for Chemical and Petrochemicals sector in Gujarat State.
- Latest laboratories in Dental Science, Pharmacy and Engineering departments
- Master and Doctoral program in all the faculties.
- Cancer Research Center established

8. Plans of institution for next year

- Enhancing research in various faculties
- Applying for funded research projects to various funding agencies
- Identifying Industry partners for Collaborative research.
- Syllabus revision/refreshing in the entire faculty as a process.
- More numbers of MOUs with industry for strengthening training and placement. Help in establishing latest laboratories and research centers.
- Robust planning for research, seminar, workshop and conferences with the help of IQAC
- Planning of Industry visits for all the students of University
- Planning for Medical Faculty

Annexure I

Best practices in Infrastructure and learning resources

The total infrastructure development of the University is well planned and implemented at Central level. The planning and execution of infrastructure is done by Senior Professors from Department of Civil Engineering.

Thus high quality is maintained and the cost of infrastructural development is brought down significantly.

Good nearby hostel facilities catering to the needs of the students which provides healthy learning ambience and easy access to the university facilities.

Faculty of Dental Science has established a library with 8000 sq. feet carpet area. Faculty of Pharmacy likewise has established library with 1600 sq feet. carpet area.

Renovation of furniture has been carried out in Faculty of Technology library.

Annexure II

Best practices in Teaching, learning and Evaluations

Teaching Process: Faculty members across the campus participate in the workshops of curriculum development. Lesson plans ensure uniform coverage of syllabus in case of programmes offered across campus. It also ensures that the syllabus is covered in stipulated time. Faculty members are encouraged to develop lecture notes and presentations so that they can publish it and get feedback from a wider audience. This practice forces the faculty for continuously innovating newer ways of presenting and elucidating the course contents.

Learning Process: From DDU Alumni Association, students are provided with incentives in the form of TA / DA from funded research project funds for paper presentations in conferences. The slotted timetable system in Engineering programmes ensures maximum utilization of all resources. This facilitates conducting remedial classes and extra lab sessions for slow learners and for conducting co-curricular activities. The number of slots that are designed is more than the number of theory courses at least by one. These additional slot/slots is/are made use of running the remedial classes for the disadvantaged as well as conducting extramural lectures. Extra classes are taken for preparation of competitive examinations like GPAT/GATE. Online mock examination is conducted to improve capacity of students to pass the GPAT Exams.

Evaluation Process: Weightage for various components are decided in the course committee meetings and scheme of evaluation is prepared for unit tests/sessionals and end-semester evaluation. These are done with a view to ensure uniform evaluation of all the students taking the same course. Further, grading is given on a relative basis in MBA program and the evaluation on absolute basis exists in other courses. Auditing of question papers is done by external experts.

Annexure III

Research, Consultancy

The university has formed Board of Research Studies at University level and Research Committee at each Faculty level to facilitate and monitor funded and non-funded projects. The University has established a Research and Development center in area of Information & Communication Technology and has also established Center for Surface Science and Nanotechnology to promote research in the area of Nanotechnology and its applications in Industrial world. The Undergraduate students are encouraged to work in "R&D Center" and "Surface Science and Nanotechnology Center" in their final semester project training. Students are also given opportunity to work in internationally reputed research organizations like BISAG and IPR at Gandhinagar, SAC-ISRO at Ahmedabad, PRL at Ahmedabad and Udaipur, TRDDC, Pune, R&D Center of Reliance Industries Ltd., Vadodara and IIT, Bombay. Even the post graduate students are encouraged to do their dissertation work in above centers.

The University sponsors registration for International and National conferences for research publications and also provides duty leave to attend the same. There is a provision for incentive to faculty members on getting a paper published in a refereed journal.

All the students are encouraged to become members of the professional bodies in their discipline like ISTE, CSI and IEEE. The University has CSI, student branch and ISTE student branch.

Faculty of Dental Science has a Clinical material Research Laboratory to encourage its faculty and students.
The University has online subscription of IEEE journal and conference papers, Science Direct and Online Subscription of ASCE JNL.

Faculty of Dental Science has adopted a General Hospital of Uttarsanda- a nearby village of Nadiad, where faculty members provide dental treatment to village people.

The University has signed several MOUS with different organizations to facilitate various activities like research, extension, consultancy, faculty exchange and development, students training and placement etc.

<u>Quality working plan for achievement of quality objectives of the University, for the academic year 2014 -2015</u>

DDU has implemented quality management system since 1-4-2002 in all of its departments/disciplines. The University has been following its quality policy in words and in spirit. It has been making concentrated efforts for achieving its quality objectives. It has made substantial progress towards achieving it's under listed quality objectives.

1. Continuous improvement in teaching.
2. Constant up gradation of course contents of all subjects, in all semesters, in all disciplines.
3. Faculty Development.
4. Student Development.
5. Improvement in Infrastructure.
6. Increasing student strength & setting up facility for higher education in existing disciplines.
7. Expanding teaching in other disciplines.
8. Increase in quantum and areas of consultation, certification and Research and Development assignments.
9. Service to community in various areas in which D D University has necessary expertise/ capacity.

The objective wise measures taken & progress achieved is as follows.

i. <u>For ensuring continuous improvement in teaching:</u>

a) All disciplines have ensured increasing use of modern teaching aids like Power Point Presentations.
b) Practical's are means by which students verify the theories learnt, and by that they get exposure to actual use / limitations of their theoretical knowledge.
c) Students are encouraged to take part in class room discussions thereby making sessions more & more participatory.
d) Faculty give adequate number of assignments & students difficulties are addressed during tutorials.
e) Remedial lectures are taken for weak students and late admissions.
f) Adequate action is taken for faculty development & student development which has been leads to improvement in teaching.

ii. <u>Constant up gradation of course contents:</u>

For constant up-gradation of course contents,

a) In all disciplines, course content of each & every subject is reviewed by subject teacher/HOD and revised/updated regularly if necessary.
b) Additional electives are being offered to students where ever required.
c) Suggestions are also invited from Industry, subject experts & alumni for up gradation of courses as well as for introduction of new subjects.
d) D D University remains in constant touch with Industry by getting their sponsorship for research projects etc. In the process valuable suggestions are also received from industry experts for course up gradation. i.e. We have many industries as sponsors for research projects in `Shah Schulman Centre for Surface Science & Nano Technology'.
e) D D U also comes in constant touch with industry representatives and experts because of it being `Anchor Institute - Chemicals & Petrochemicals' , promoted by Gujarat Government ,

for creating readily employable & Industry Responsive manpower in Chemicals & Petrochemicals . They also contribute in up gradation of course contents

iii. **Faculty development :**

Details of progress in the period in this regard is as under:

A. As many as 124 faculty has been sent for training / participation in seminars/ Workshop.

B. 53 faculties have been perusing higher studies. D D University has not less than 20 as faculty with Doctorate Degree & 2 with M Phil Degree & many more faculties are perusing their Doctoral Studies.

C. During the period as many as 56 lectures were arranged from experts for benefit of faculty & students.

D. 21 industry visits /camps were arranged giving first hand industry / service exposure to faculty & students

E. As many as 34 dental Camps were arranged for giving service to society & practical exposure to students. .

F. D D University has developed inter Institutional network with other Institutions from TEQUIP funds. Under TEQUIP Program objective of developing Networking between Institutions , has given access to faculty & students , through E Mail etc., to subject experts in various institutions having Memorandum of understanding with D D U . This is over and above normal faculty development Activities of DDU.

G. Faculty members have written 39 articles in journals /periodicals.

H. Not only our faculty members have taken part in various seminars / conferences but have also presented papers in seminars. Some faculty members have earned distinction in different fields as detailed under.

    1. Dr. Himanshu Mazumdar[HOD- R & D] is reviewer of Moon & Mars mission pay load at PRL He is also nominated in team for Aditya L I Mission Science

    2. Dr. Naresh Patel [HOD- MBA dept.] is not only a UGC NAAC appointed regular member of team of experts for accreditation of Universities but he has also earn distinction of being member coordinator of the team [Second highest   designated]. Also Dr. Naresh Patel is not only guide for many doctorate students but is also an expert member, in Viva team of number of Universities

    3. Dr. V A Shah, H OD IC, presented expert talk at V V Nagar ISA.

    4. Prof. M T Thakkar has got project assignment from DST IEDC & Guj cost. He has also presented his research work at SIS 2014 International conference organized by University of Coibra, Portugal.

    5. Under able guidance of Prof. C K Bhesdadia, CE is executing project of Indradhanush & EiILMT.

    6. Dr. Naresh Patel as well as Dr. Falguni Pandya [Faculty in MBA department] have written books in Marketing & finance area respectively.

I. For students as well as faculty of D D U. access to other learning resources have been made easy / prompt at university library. Learning resources increase from year to year making treasure of knowledge available to faculties & students.

J. D D University being Anchor Institute for Chemicals & Petrochemicals \   appointed by Government of Gujarat ,has organized many training programs & has trained personnel

consisting of faculty members, men from industry & students from all over Gujarat including from D D U itself.

K. Research facility set up by Shah – Schulman Centre for Surface Science & Nano technology has also contributed in faculty development & student development.

iv. Student Development :

Details of progress in student Development in the year is as under.

a. As many as 21 student events with Participation of large number of students were arranged.

b. Not less than 1113 students participated in sports & 1335 students took part in cultural activities.

c. D D University organized 21 Industry visits 34 Dental camps with participation of large number of students.

d. D D University arranged as many as 56 lectures from experts.

e. D D University has developed inter Institutional network with other Institutions from TEQUIP funds. Under TEQUIP Program objective of developing networking between Institutions, has given access to faculty & students, through e-mail etc., to subject experts in various institutions having Memorandum of understanding. This is over and above normal faculty & student Development Activities DDU.

f. D D University has been continuously taking number of measures like for improving faculty development which ultimately ensure student development.

g. Access to other learning resources for faculty as well as students have been made easy / prompt at university library. Learning resources increase from year to year making treasure of knowledge available to faculties & students.

h. Computer Engineering Department have completed a project which has helped in developing relation with institutions like, IISC Bangalore , IIT Mumbai , C- DAC Pune , CDAC Mumbai , IIT Allahabad , Jadavpur University, JNU , ISI, Calcutta . The project also helps students in training, placement, Research activities & in their admission in research program.

i. D D University being Anchor Institute for Chemicals & Petrochemicals \ appointed by Government of Gujarat has organized many training programs training many personnel consisting of faculties, men from industry & students all over Gujarat including from D D U itself.

j. Research facility set up by Shah – Schulman Centre for Surface Science & Nanotechnology has also contributed in faculty development & student development

k. Civil Department has earned consultation fees more than Rs. 0.75 lacs.

l. Chemical engineering also has been earning large revenues every year.

v. Improving infrastructure:

For improvements in infrastructure of teaching following measures are taken.

a. All faculty buildings/classrooms/laboratories, Seminar hall, Multimedia hall, central Examination hall etc. are well maintained & kept up to date by doing regular maintenance &

renovations. In F.Y. 2013-2014 D D U has spent Rs. 261.56 lacs in infrastructure maintenance & Rs. 291.20 Lacs in infrastructure development.

b. Construction of new University office building is completed. Construction of separate buildings for Mechanical Engineering & IC is also completed. In existing university building second floor is constructed for providing more class rooms & common computing center. For Civil engineering also new building is being constructed

c. Furniture & equipment's are also well maintained & replaced where found necessary.

d. Existing building & other infrastructure facilities, including laboratories are used more intensively to ensure that University's activities go on with same momentum / growth, as before, without any interruption pending execution of expansion plans in this regard.

e. During 1-4-05 to 31-3-09 the university has spent Rs.538 Lacs, for computers & other equipment's, furniture. Library & learning resources etc. from TEQUP grant funds.

f. D D University has always ensured that requirements of all disciplines / Departments are met in time & in adequate manner. The Library has obtained 500 [L H Y 395] new books on different subjects. Our university has become member of DELNET making, there by rare books available for study on loan bases etc. Internet facility excess has been made available to still larger number & the facility has now been much faster. No discipline / department suffers due to inadequacy of infrastructure in D D University.

g. Research facility set up by Shah – Schulman Centre for Surface Science & Nanotechnology of DD University has also immensely contributed in available infrastructure for research.

h. D D University has been made Anchor Institute by Industry & Mines Department of Government of Gujarat for fastest growing of Chemicals & Petroleum sector of the state. The Anchor Institute, with required infrastructure, has conducted many training programs & trained personnel from industry, faculty members & students from all over Gujarat.

vi. Increasing student strength & setting up facility for higher education in existing disciplines: This half year no new facility for higher education in existing discipline is set up.

vii. **Expanding teaching in other disciplines:**
For academic year 2010-2011 the discipline of Mechanical Engineering was set up with intake of 60 students. This year Second batch for the Mechanical Engineering discipline will pass out.
D D University has from in academic year 2013-2014 set up specialization in Hotel Management at graduate level with intake of 30 students In BBA course..
D D University has in Academic Year 2014-2015 also setup B. Com. Course with English as medium for instruction.

viii. Increase in quantum & areas of consultation , Certification , R & D assignments:
Competition in the area has intensified due to efforts of various Universities & Institutes to obtain assignments from Industry. D D U has been making all out efforts to maintain /enhance the number/amount /areas of assignments. D. D. University has set up Centre for surface science & Nano Technology with encouragement from Government of Gujarat. Also Rs. 15 lacs each have also been received from ten sponsoring industries. The centre offers research facilities for training under graduates, Graduates and Doctoral students in areas of fundamental & applied

aspects of Surface science & Nanotechnology. It has created wealth of sophisticated instrumentation under one roof in order to address needs of R & D activities across the country. The Sponsoring business units & industry in general are the beneficiaries of the research work done. The center has also led to Student Development & faculty development by facilitating research activity by students & faculties. D D University also spends additional required funds from its resources.

ix. <u>Service to the community:</u>

D D University has been, at most reasonable rates, giving service to the community in the area of Dental health care by providing facility of ultra-modern dental hospital with service of well qualified & experienced doctors. Also under TEQUIP amount of Rs.10.34 Lacs is spent for services to community, apart from that D D University helping NGO like SEWA in achieving their laudable goals like women upliftment & development by arranging training, making infrastructure available for their activities.

Instrumentation engineering, through MELT Project of MHRD, have given knowledge e-contents, to students in schools in far flung area in Kheda district. Many students have been beneficiary of the programme.

Shah-Schulman centre for surface science & Nano technology has made available research facilities for researchers. The research results are passed on to sponsoring industrial units on only cost bases. The focus of the centre is solving technical problems of industries & developing new technology / new technical solutions, through innovative & strategic research.

Similarly by becoming Anchor Institute, D D University has been able to train persons from Industry, students as well as faculties all over Gujarat.

Computer Engineering Department has, under able leadership of Prof. C.K. Bheshdadia has executing following two projects by Ministry of Communication & IT, Govt. of India,

1) Indradhanush Project for Rs. 35.09 lacs in Gujarati word net development
2) EIMLT project for Rs 75 lacs- English to Indian Language machine translation. .

Both the projects are/will be very helpful to community in General.

x. To further improve liaison with industry for their help and cooperation

Following line of action has been taken by placement Department for period 2014-15

1. Number of companies approached for placement   146
2. Companies actually came for campus Interview   75
3. Students placed through placement cell   342
4. Average salary   [Annual]   Rupees   250000

Over & above every discipline has remained in touch with industry to meet following Objectives.

a) Summer placement of students
b) Final Placement of students.
c) Course up- gradation.
d) Faculty development
e) Student development.

xi. D D University has already reviewed its Critical Processes and Procedures and also reviewed methods of measuring effectiveness of the Processes & found that they do not need   any change Modification.

xii. D D University has reviewed working/effectiveness of Quality Management System implemented and also to reviewed Quality Policy as well as Quality Objectives & found that they do not need any change / modification.

xiii. D D university reviewed and confirmed that Quality Management System in DDU, is well maintained and the system confirms to ISO Standards and to requirements of DDU.
