- Your password doesn't meet the minimum length requirement.
- You have not yet been assigned an NUID (please contact khoury-gradschool@northeastern.edu)

If your graduate information does not match, contact Khoury College to see if the admission data on file indicates you should receive an account claim email.

INSTRUCTIONS TO STUDENTS

STUDENT ATTESTATION. You should read everything on this page carefully. Be sure that you understand the terms and conditions concerning your admission and stay in the United States as a nonimmigrant student before signing the student attestation on page 1 of the Form I-20 A-B. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

FORM I-20. The Form I-20 (this form) is the primary document to show that you have been admitted to school in the United States and that you are authorized to apply for admission to the United States in F-1 class of admission. You must have your Form I-20 with you at all times. If you lose your Form I-20, you must request a new one from your designated school official (DSO) at the school named on your Form I-20.

VISA APPLICATION. You must give this Form I-20 to the U.S. consular officer at the time you apply for a visa (unless you are exempt from visa requirements). If you have a Form I-20 from more than one school, be sure to present the Form I-20 for the school you plan to attend. Your visa will include the name of that school, and you must attend that school upon entering the United States. You must also provide evidence of support for tuition and fees and living expenses while you are in the United States.

ADMISSION. When you enter the United States, you must present the following documents to the officer at the port of entry: 1) a Form I-20; 2) a valid F-1 visa (unless you are exempt from visa requirements); 3) a valid passport; and 4) evidence of support for tuition and fees and living expenses while you are in the United States. The agent should return all documents to you before you leave the inspection area.

REPORT TO SCHOOL NAMED ON YOUR FORM I-20 AND VISA. Upon your first entry to the United States, you must report to the DSO at the school named on your Form I-20 and your F-1 visa (unless you are exempt from visa requirements). If you decide to attend another school before you enter the United States, you must present a Form I-20 from the new school to a U.S. consular officer for a new F-1 visa that names the new school. Failure to enroll in the school, by the program start date on your Form I-20 may result in the loss of your student status and subject you to deportation.

EMPLOYMENT. Unlawful employment in the United States is a reason for terminating your F-1 status and deporting you from the United States. You may be employed on campus at your school. You may be employed off-campus in curricular practical training (CPT) if you have written permission from your DSO. You may apply to U.S. Citizenship and Immigration Services (USCIS) for off-campus employment authorization in three circumstances: 1) employment with an international organization; 2) severe and unexpected economic hardship; and 3) optional practical training (OPT) related to your degree. You must have written authorization from USCIS before you begin work. Contact your DSO for details. Your spouse or child (F-2 classification) may not work in the United States.

PERIOD OF STAY. You may remain in the United States while taking a full course of study or during authorized employment after your program. F-1 status ends and you are required to leave the United States on the earliest of the following dates: 1) the program end date on your Form I-20 plus 60 days; 2) the end date of your OPT plus 60 days; or 3) the termination of your program for any other reason. Contact your DSO for details.

EXTENSION OF PROGRAM. If you cannot complete the education program by the program end date on page 1 of your Form I-20, you should contact your DSO at least 15 days before the program end date to request an extension.

SCHOOL TRANSFER. To transfer schools, first notify the DSO at the school you are attending of your plan to transfer, then obtain a Form I-20 from the DSO at the school you plan to attend. Return the Form I-20 for the new school to the DSO at that school within 15 days after beginning attendance at the new school. The DSO will then report the transfer to the Department of Homeland Security (DHS). You must enroll in the new school at the next session start date. The DSO at the new school must update your registration in SEVIS.

NOTICE OF ADDRESS. When you arrive in the United States, you must report your U.S. address to your DSO. If you move, you must notify your DSO of your new address within 10 days of the change of address. The DSO will update SEVIS with your new address.

REENTRY. F-1 students may leave the United States and return within a period of five months. To return, you must have: 1) a valid passport; 2) a valid F-1 student visa (unless you are exempt from visa requirements); and 3) your Form I-20, page 2, properly endorsed for reentry by your DSO. If you have been out of the United States for more than five months, contact your DSO.

AUTHORIZATION TO RELEASE INFORMATION BY SCHOOL. DHS requires your school to provide DHS with your name, country of birth, current address, immigration status, and certain other information on a regular basis or upon request. Your signature on the Form I-20 authorizes the named school to release such information from your records.

PENALTY. To maintain your nonimmigrant student status, you must: 1) remain a full-time student at your authorized school; 2) engage only in authorized employment; and 3) keep your passport valid. Failure to comply with these regulations will result in the loss of your student status and subject you to deportation.

INSTRUCTIONS TO SCHOOLS

Failure to comply with 8 CFR 214.3(k) and 8 CFR 214.4 when issuing Forms I-20 will subject you and your school to criminal prosecution. If you issue this form improperly, provide false information, or fail to submit required reports, DHS may withdraw its certification of your school for attendance by nonimmigrant students.

ISSUANCE OF FORM I-20. DSOs may issue a Form I-20 for any nonimmigrant your school has accepted for a full course of study if that person: 1) plans to apply to enter the United States in F-1 status; 2) is in the United States as an F-1 nonimmigrant and plans to transfer to your school; or 3) is in the United States and will apply to change nonimmigrant status to F-1. DSOs may also issue the Form I-20 to the spouse or child (under the age of 21) of an F-1 student to use to enter or remain in the United States as an F-2 dependent. DSOs must sign where indicated at the bottom of page 1 of the Form I-20 to attest that the form is completed and issued in accordance with regulations.

ENDORSEMENT OF PAGE 2 FOR REENTRY. If there have been no substantive changes in information, DSOs may endorse page 2 of the Form I-20 for the student and/or the F-2 dependents to reenter the United States. If there have been substantive changes, the DSO should issue and sign a new Form I-20 that includes those changes.

RECORDKEEPING. DHS may request information concerning the student's immigration status for various reasons. DSOs should retain all evidence of academic ability and financial resources on which admission was based, until SEVIS shows the student's record completed or terminated.

AUTHORITY FOR COLLECTING INFORMATION. Authority for collecting the information on this and related student forms is contained in 8 U.S.C. 1101 and 1184. The Department of State and DHS use this information to determine eligibility for the benefits requested. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

REPORTING BURDEN. U.S. Immigration and Customs Enforcement collects this information as part of its agency mission under the Department of Homeland Security. The estimated average time to review the instructions, search existing data sources, gather and maintain the needed data, and complete and review the collection of information is 30 minutes (.50 hours) per response. An agency may not conduct or sponsor, and a person is not required to respond to an information collection unless a form displays a currently valid OMB Control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Office of the Chief Information Officer/Forms Management Branch, U.S. Immigration and Customs Enforcement, 801 I Street NW Stop 5800, Washington, DC 20536-5800. Do not send the form to this address.

School of Computer Science

May 24, 2022

Dear Jainam Shah:

The School of Computer Science has recommended to the Faculty of Graduate Studies and Research that you be admitted to our Master of Science Program in Computer Science M2, beginning the **Fall 2022 (September 2022) term** under the supervision of **Dr. Saeed Samet**.

You have been selected to receive a School of Computer Science departmental scholarship valued at **C\$4,000**. This scholarship is a one-time payment that is payable in the second term of full time M2 registration, pending budgetary approval. This scholarship is contingent upon you clearing all conditions listed on your offer of admission and remaining in good academic standing with an overall GPA of 80% or higher in all graduate level courses.

The School of Computer Science encourages you to apply for a Graduate Assistant (GA) position when the posting for GA/TA application occurs for the Fall, Winter and Summer terms. Note you must be residing in Windsor Ontario Canada by early to mid-August 2022 and have applied for a Social Insurance Number (SIN) upon arrival to be eligible for consideration for your first GA position. When awarded, each GA position is worth approximately C\$5500 (minus taxes) - total sum for three GA positions C\$16,500 (minus taxes) per academic year.

All students registered in our Master's program residing in Canada may apply for a co-op placement, subject to approval by your Supervisor and the Graduate Coordinator. Co-op placement is subject to availability of a company that is willing to hire you, by following an interview-based process. You will be able to apply for co-op placement after you have completed one semester of study. For the past two years, during a pilot project for coop placement, we had 100% success rate in placing our Master's students. However, there is no guarantee that you will be placed. If you are given a placement you will be able to earn while you learn. Co-op placement allows you to work in a Canadian company giving you the possibility of acquiring hands-on experience in industry, while maintaining high-level standards in our research-based Master's program. Previous years' experience was that a student was able to earn and save about C \$10,000 during one placement. The feature of co-op placement of graduate students is not available at many Universities.

We look forward to working with you during your studies in the graduate program. Please note that requests such as change of supervision, area of interest or program of study will require that you reapply to the program and be considered for the next available term. If you have any questions, please contact the Graduate Secretary (csgradinfo@uwindsor.ca), or after you arrive, the Graduate Program Coordinator.

Sincerely,

Dr. Alioune Ngom

DATES

Key dates

Key dates including course start and finish dates for the main study periods, exam periods, census dates, public holidays and holiday breaks are outlined here: <http://www.deakin.edu.au/courses/key-dates>

Please note you are advised to check your course outline for information about study or placement requirements which may occur outside of these dates.

Course Duration

The 'Full duration' of your course is described in this offer as the standard full time course duration in academic years. Due to coronavirus COVID-19 your 'expected completion date' may have been extended in this offer.

If you are not able to complete your course by the expected completion date due to coronavirus COVID-19 travel restrictions or other restrictions which impact on the delivery of the course, you are responsible for all costs associated with the late completion of your course. If you don't complete by the expected end date you will incur additional costs such as but not limited to costs related to a new visa application, extended OSHC and living costs in Australia.

Expected completion date

The expected course completion date is stated in this offer and on your Confirmation of Enrolment (COE). This is the completion date of your course if you follow an agreed study plan and your course progress is at 100%. Should you fail any units, change major or stream, or transfer courses, your course completion date is likely to change.

Your COE end date has been confirmed by your faculty as the date you can complete your course by following the approved study plan.

Some mandatory or non-mandatory parts of this course must be taken on campus. Please ensure you read the course outline and university handbook carefully to understand these obligations.

ACCOMMODATION

Deakin offers on and off campus accommodation options for students at each of our four campuses. For full details, please view: <http://www.deakin.edu.au/life-at-deakin/accommodation>. For homestay accommodation, please refer to <http://www.deakin.edu.au/international-students/dueli/where-to-live/homestay>.

ORIENTATION

International students are strongly encouraged to attend orientation. You will find out about the services and facilities on your campus, get to know more about your course, meet other new students and learn important information that all international students need to know. Attending orientation will help you to feel more confident about starting your university journey at Deakin. For full details, please view:

<http://www.deakin.edu.au/life-at-deakin/orientation-getting-started/orientation>.

For Deakin University English Language Institute (DUELI) orientation, please refer to

<https://blogs.deakin.edu.au/deakinlife/2021/10/12/deakin-vaccination-requirement/>.

STUDY REQUIREMENTS

Course and unit requirements

The Handbook contains course and unit information for all study periods. Course level information includes course structure, indicative workload and course rules (including any requirement to complete Work Integrated Learning (WIL)). Unit level information includes prerequisites, modes of study, contact hours, content, assessment and other requirements to complete the unit. For example - National Police Record Check, Working With Children Check or immunisations. For full details, please view: <http://www.deakin.edu.au/students/enrolment-fees-and-money/university-handbook>. Work Integrated Learning (WIL) includes an industry work placement as a compulsory part of your degree. There are different types of industry work placements, including industry based learning (IBL), work based learning, career placement, community based placement and volunteering placement. These placements can start at any time and are not linked to a particular study period. Please check the Handbook for any compulsory WIL requirements relating to your course.

Online study

While onshore on a student visa, International students can undertake 33% (one third (or equivalent)) of their course online, with at least one unit of face-to-face study in a compulsory study period. The only exception is if you have one unit to complete in your final study period - this can be completed on-line.

TEQSA has provided for some flexibility due to coronavirus COVID-19. This flexibility means that if you are unable to attend face to face classes you can exceed the amount of online learning. You are advised to ensure you read all emails from Deakin about your studies, this flexibility is temporary and is subject to change.

Provided you are enrolled, your COE will remain in place even if you have not yet reached Australia.

DUELI online courses are replacing classroom teaching during coronavirus COVID-19. You are required to maintain your attendance and participation in DUELI online classes.

Course progress

Student visa condition 8202 states that you must remain enrolled and maintain satisfactory course progress for each student period. Deakin reviews all students' academic progress each study period. For full details, please visit: <http://www.deakin.edu.au/students/studying/assessment-and-results/academic-progress>.

DUEL students undertake several assessments tasks throughout each teaching block. Students are required to pass these assessment tasks in order to progress to the next level, or meet the English language requirements to enter into the intended award course. Students who fail at a given level three times will be unable to progress to the next level. DUEL students are also required to attend 80% of scheduled classes. Students with unsatisfactory attendance will be reported and this may impact on your student visa.

Reasonable adjustments

Due to the ongoing impact of COVID-19, you may be offered reasonable adjustments to your course to enable your ongoing course progress. These adjustments may mean changes to your assessment, unit sequencing or other aspects of your course.

Forced intermission

If you are unable to enrol in units with compulsory on campus or placement components in accordance with your course plan, or if your placement is delayed due to the impact of COVID-19, you will be required to take a break from your study (an intermission) until you are able to complete these requirements. This will impact on your course duration.

Study support

Deakin has a team of staff and students dedicated to providing study support services to help get the most out of your learning experience. If you are failing assessments and/or do not feel that you are doing as well as you could, please seek help. For full details, please visit: <https://www.deakin.edu.au/students/studying/study-support>.

FEES

Tuition fees

Fees are subject to review each year and may increase to accommodate any increases in the cost of delivering the course and support during your studies. You can choose to pay more than 50% of your tuition fees before course commencement.

Non-tuition fees

Deakin's non-tuition fees and charges can be viewed at <http://www.deakin.edu.au/students/enrolment-fees-and-money/fees/other-fees-and-charges>.

You may incur other costs while studying your course. For example, there may be costs associated with some units, such as the requirement to obtain a laboratory coat for a chemistry unit. These costs may also vary based on how you choose to obtain items. For example, purchasing text books through the university co-operative, or purchasing stationary online or at a supermarket. You may also find some items you require available as second-hand items.

Overseas Student Health Cover (OSHC)

All international students (and their dependants) are required to have OSHC for the duration of their student visa. Deakin's preferred provider is BUPA. From time to time BUPA will adjust rates and these adjustments may affect the amount you are required to pay. You will be notified if there is a change in the BUPA rate prior to your acceptance.

Congratulations on being awarded the Deakin India 20% Postgraduate Bursary!

The bursary has been offered to you subject to the Terms and Conditions outlined below. These terms and conditions relate to the Deakin India 20% Postgraduate Bursary that you have been offered in your letter of offer. If you wish to accept the bursary, please ensure you carefully read the terms and conditions and sign and return this document to Deakin.

1. The maximum value of the bursary is 20% of the total indicative tuition fee payable to Deakin University as stated in your letter of offer.
2. This bursary is only applicable to students who are a citizen of India, living in India and applying through a Deakin authorised agent based in India.
3. If your letter of offer is conditional upon providing final transcripts/results from your previous studies, grant of this bursary is conditional upon successfully meeting the condition(s) of your letter of offer and achieving a Weighted Average Mark (WAM) of at least 55% - 74.99% or equivalent in an undergraduate degree.
4. The bursary is only available for the specified award course, intake and credit points indicated in your letter of offer. 6. The bursary is only applicable to the course detailed in your letter of offer. Course transfers will require University approval. In the event of an approval, your bursary will be re-assessed and equal the number of credit points in your initial course and cannot be extended should a transfer to a longer course be approved.
7. The bursary cannot be deferred from the commencement date stated in your letter of offer. Deferrals will require University approval and the bursary will be re-assessed if you defer your course.
8. The bursary will not continue to be applied if you discontinue your studies at Deakin. If you apply for readmission and wish to be considered for bursary you must re-apply for a bursary and/or meet the bursary eligibility criteria based on your most recent studies and have at least 8 credit points to complete your Deakin course.
9. The value of the bursary cannot be redeemed for direct payment. If you withdraw within a refund period, the bursary is not refundable. If you apply for intermission, no benefit is payable or financial credit accrued during the period of intermission.
10. The bursary does not cover Overseas Student Health Cover or any other costs associated with your studies at Deakin University.
11. The bursary will not be applied to your record without an enrolment status of good standing; for example, for reasons of non-payment of fees or having an encumbrance on your enrolment record.
12. To sustain this bursary you must maintain an academic performance of a minimum of 65% Weighted Average Mark (WAM) in each trimester of study at Deakin.
13. The bursary is only available to commencing students enrolled in an international fee paying place at Deakin.
14. If you are applying for more than one scholarship/bursary and are waiting on an outcome for a scholarship/bursary; or if your letter of offer is conditional, you should still accept this bursary. Please note that if you are offered more than one Deakin scholarship/bursary, only one scholarship/bursary will be applied to your student record when you enrol at Deakin. In most cases, the scholarship/bursary of higher value will be applied, provided you accept within the specified timeframe and/or satisfy the conditions of that scholarship/bursary (if applicable).

INSTRUCTIONS TO STUDENTS

STUDENT ATTESTATION. You should read everything on this page carefully. Be sure that you understand the terms and conditions concerning your admission and stay in the United States as a nonimmigrant student before signing the student attestation on page 1 of the Form I-20 A-B. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

FORM I-20. The Form I-20 (this form) is the primary document to show that you have been admitted to school in the United States and that you are authorized to apply for admission to the United States in F-1 class of admission. You must have your Form I-20 with you at all times. If you lose your Form I-20, you must request a new one from your designated school official (DSO) at the school named on your Form I-20.

VISA APPLICATION. You must give this Form I-20 to the U.S. consular officer at the time you apply for a visa (unless you are exempt from visa requirements). If you have a Form I-20 from more than one school, be sure to present the Form I-20 for the school you plan to attend. Your visa will include the name of that school, and you must attend that school upon entering the United States. You must also provide evidence of support for tuition and fees and living expenses while you are in the United States.

ADMISSION. When you enter the United States, you must present the following documents to the officer at the port of entry: 1) a Form I-20; 2) a valid F-1 visa (unless you are exempt from visa requirements); 3) a valid passport; and 4) evidence of support for tuition and fees and living expenses while you are in the United States. The agent should return all documents to you before you leave the inspection area.

REPORT TO SCHOOL NAMED ON YOUR FORM I-20 AND VISA. Upon your first entry to the United States, you must report to the DSO at the school named on your Form I-20 and your F-1 visa (unless you are exempt from visa requirements). If you decide to attend another school before you enter the United States, you must present a Form I-20 from the new school to a U.S. consular officer for a new F-1 visa that names the new school. Failure to enroll in the school, by the program start date on your Form I-20 may result in the loss of your student status and subject you to deportation.

EMPLOYMENT. Unlawful employment in the United States is a reason for terminating your F-1 status and deporting you from the United States. You may be employed on campus at your school. You may be employed off-campus in curricular practical training (CPT) if you have written permission from your DSO. You may apply to U.S. Citizenship and Immigration Services (USCIS) for off-campus employment authorization in three circumstances: 1) employment with an international organization; 2) severe and unexpected economic hardship; and 3) optional practical training (OPT) related to your degree. You must have written authorization from USCIS before you begin work. Contact your DSO for details. Your spouse or child (F-2 classification) may not work in the United States.

PERIOD OF STAY. You may remain in the United States while taking a full course of study or during authorized employment after your program. F-1 status ends and you are required to leave the United States on the earliest of the following dates: 1) the program end date on your Form I-20 plus 60 days; 2) the end date of your OPT plus 60 days; or 3) the termination of your program for any other reason. Contact your DSO for details.

EXTENSION OF PROGRAM. If you cannot complete the education program by the program end date on page 1 of your Form I-20, you should contact your DSO at least 15 days before the program end date to request an extension.

SCHOOL TRANSFER. To transfer schools, first notify the DSO at the school you are attending of your plan to transfer, then obtain a Form I-20 from the DSO at the school you plan to attend. Return the Form I-20 for the new school to the DSO at that school within 15 days after beginning attendance at the new school. The DSO will then report the transfer to the Department of Homeland Security (DHS). You must enroll in the new school at the next session start date. The DSO at the new school must update your registration in SEVIS.

NOTICE OF ADDRESS. When you arrive in the United States, you must report your U.S. address to your DSO. If you move, you must notify your DSO of your new address within 10 days of the change of address. The DSO will update SEVIS with your new address.

REENTRY. F-1 students may leave the United States and return within a period of five months. To return, you must have: 1) a valid passport; 2) a valid F-1 student visa (unless you are exempt from visa requirements); and 3) your Form I-20, page 2, properly endorsed for reentry by your DSO. If you have been out of the United States for more than five months, contact your DSO.

AUTHORIZATION TO RELEASE INFORMATION BY SCHOOL. DHS requires your school to provide DHS with your name, country of birth, current address, immigration status, and certain other information on a regular basis or upon request. Your signature on the Form I-20 authorizes the named school to release such information from your records.

PENALTY. To maintain your nonimmigrant student status, you must: 1) remain a full-time student at your authorized school; 2) engage only in authorized employment; and 3) keep your passport valid. Failure to comply with these regulations will result in the loss of your student status and subject you to deportation.

INSTRUCTIONS TO SCHOOLS

Failure to comply with 8 CFR 214.3(k) and 8 CFR 214.4 when issuing Forms I-20 will subject you and your school to criminal prosecution. If you issue this form improperly, provide false information, or fail to submit required reports, DHS may withdraw its certification of your school for attendance by nonimmigrant students.

ISSUANCE OF FORM I-20. DSOs may issue a Form I-20 for any nonimmigrant your school has accepted for a full course of study if that person: 1) plans to apply to enter the United States in F-1 status; 2) is in the United States as an F-1 nonimmigrant and plans to transfer to your school; or 3) is in the United States and will apply to change nonimmigrant status to F-1. DSOs may also issue the Form I-20 to the spouse or child (under the age of 21) of an F-1 student to use to enter or remain in the United States as an F-2 dependent. DSOs must sign where indicated at the bottom of page 1 of the Form I-20 to attest that the form is completed and issued in accordance with regulations.

ENDORSEMENT OF PAGE 2 FOR REENTRY. If there have been no substantive changes in information, DSOs may endorse page 2 of the Form I-20 for the student and/or the F-2 dependents to reenter the United States. If there have been substantive changes, the DSO should issue and sign a new Form I-20 that includes those changes.

RECORDKEEPING. DHS may request information concerning the student's immigration status for various reasons. DSOs should retain all evidence of academic ability and financial resources on which admission was based, until SEVIS shows the student's record completed or terminated.

AUTHORITY FOR COLLECTING INFORMATION. Authority for collecting the information on this and related student forms is contained in 8 U.S.C. 1101 and 1184. The Department of State and DHS use this information to determine eligibility for the benefits requested. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

REPORTING BURDEN. U.S. Immigration and Customs Enforcement collects this information as part of its agency mission under the Department of Homeland Security. The estimated average time to review the instructions, search existing data sources, gather and maintain the needed data, and complete and review the collection of information is 30 minutes (.50 hours) per response. An agency may not conduct or sponsor, and a person is not required to respond to an information collection unless a form displays a currently valid OMB Control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Office of the Chief Information Officer/Forms Management Branch, U.S. Immigration and Customs Enforcement, 801 I Street NW Stop 5800, Washington, DC 20536-5800. Graduate Programs

Master's Program

Full-time

All master's students admitted as full-time students must normally complete their degree requirements within two calendar years after the date of initial registration, unless their program states otherwise and regardless of any subsequent change of status to part-time. Terms of non-registration are equated to full-time registration terms when calculating the overall time to program completion.

Part-time

All master's students admitted as part-time students must normally complete their degree requirements within six calendar years after the date of initial registration, unless their program states otherwise. Terms of non-registration are equated to part-time registration terms when calculating the overall time to program completion. A change of a student's status from part-time to full-time status will result in a pro-rated reduction in the required time to completion for each subsequent term of full-time study.

Doctoral Program

Full-time

All Ph.D. students admitted as full-time students and admitted on the basis of a master's degree must complete the Ph.D. degree requirements within five calendar years after the date of initial Ph.D. registration, regardless of any subsequent change of status to part-time. Terms of non-registration are equated to full-time registration terms when calculating the overall time to program completion.

Part-time

All Ph.D. students admitted as part-time students must complete the degree requirements within nine calendar years after the date of initial Ph.D. registration. Terms of non-registration are equated to part-time registration terms when calculating the overall time to program completion. Dear EE Graduate Program Applicant:

Congratulations on being accepted to the **Fall 2022** Graduate Program in Electrical Engineering at San José State University (SJSU). According to 2020 Money magazine, SJSU ranked #1 “[Most Transformative College](#)” in the nation and the Charles W. Davidson College of Engineering at San José State University is #30 in “[Best Colleges for Engineering Majors](#).”

Your admission status is **Conditionally Classified Standing**, meaning you must satisfy the following conditions in order to become a fully classified student: Successfully complete two of the four graduate core courses, EE210, EE221, EE250, EE275 with a grade of “B” or better in each course. Note that all students (conditional classified and fully classified) are required to complete two core courses. The only difference between conditionally and fully classified is the requirement of the “B” or better grade in each core course.

Because SJSU is in the heart of the Silicon Valley, you will have the privilege of easy access to a network of internships with local companies. This provides you the opportunity to gain working experience while attending school and at the same time earning income. The internship experience is very valuable because it often leads to employment after graduation. Moreover, you can apply for on-campus part-time work as a Teaching Associate (TA), Instructional Student Assistant (ISA), or Student Assistant (SA). About 80% of our graduate students receive an internship stipend or financial assistance through campus employment.

For the Fall 2022 semester, San José State University will be delivering courses primarily in-person, and the Electrical Engineering Department will be offering in-person and hybrid courses for students. We will keep you updated with the program status via email, please check your email frequently. There will be a department **Graduate Student Orientation/Advising Session from 18:00 - 19:00 on Wednesday August 17, 2022 (California time)**. The orientation will be online via Zoom and information will be emailed to you one week before the orientation date. In this orientation session, the Graduate Advisors will be available to discuss MSEE degree requirements, help you in selecting a specialization advisor, and provide answers to your questions. **It is important that you attend the orientation.** Note that department meetings and/or orientations are different from the university ones.

The EE Department's website is at <https://www.sjsu.edu/ee/>, and the “Prospective Students” webpage, the “Graduate Program” webpage, and the “Resources” webpage will be very helpful to you.

Please do not contact the EE Department for financial and/or payment information. You can find that information at <https://www.sjsu.edu/bursar/>.

IMPORTANT INFORMATION

Refer to www.lambtoncollege.ca/International for arrival, orientation, refund and withdrawal information.

This acceptance is for Lambton College in Toronto (www.lambtoncollege.ca/toronto). By making a pre-payment you acknowledge that you have received, read, and agree to the terms outlined in our Important Information for Toronto Applicants PDF. If you did not receive this document you must contact international@lambtoncollege.ca before remitting payment. Transfers to other locations or into other programs is not permitted.

Lambton College cannot guarantee co-op placements for students. Students will be expected to canvass employers to find their own placement. Students that do not achieve a minimum cumulative GPA of 2.8 are not permitted to register in co-op; as an alternative, academically weak students will be required to complete an intensive in-class full time applied project during the fourth term of the program. Please review https://www.lambtoncollege.ca/Programs/International/Lambton_in_Toronto/Co-op_Career_Services/

A laptop with wireless capability is required in all programs. Courses may be delivered online - in part or in their entirety - due to the evolving COVID-19 situation. E-textbook and courseware purchases are mandatory for most programs.

Medical insurance is mandatory for all full-time, part-time & co-op students of Lambton College. International students are not permitted to opt-out of the medical insurance fee. Medical insurance is provided by Guard.me - a third-party insurance provider. Guardme does not replace the coverage under OHIP (Ontario Health Insurance Plan) for yourself or any member of your family. The medical insurance is a basic package that is subject to change on an annual basis. Not all conditions are covered and prospective international students are strongly urged to review the coverage details prior to arriving in Canada.

Guardme coverage is only effective from the first day of your academic term. Students who arrive early in Canada should independently purchase separate insurance to cover themselves until the first day of classes. Lambton College is not responsible for the costs of any form of health care services received or sought by the student.

Academic scheduling in certain programs may include Saturday classes.

Students must follow their prescribed program map and academic schedule. Students are required to withdraw if their prescribed program map and/or academic schedule is not followed. Deferrals will not be approved.

The stated tuition and living costs are provided as an estimate and are subject to change.

Second year fees are likely to increase by a minimum of \$600.

Please contact international@lambtoncollege.ca if you require this document in an accessible format.

PROGRAM NAME: Pharmacy Technician (PHRM)

PROGRAM COMPLETION DATE: April 21, 2023

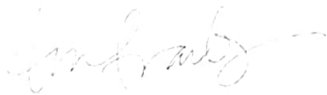

As part of this program, the student is expected to complete the work requirements by the date stated above in order to satisfy the requirements of the program.

This mandatory work component is an essential and integral part of the program. This work requirement is less than fifty percent (50%) of the total program hours of study. As a result, you may need to complete a medical exam with a panel physician BEFORE applying for a CO-OP Work Permit. Please consult this list of jobs to find out if your program and work component will require a medical exam.

- **Internet Banking: for Canadian bank accounts only.** Your student number is your account number, payable to Georgian College Tuition

TUITION FEES, WITHDRAWALS AND REFUNDS

Fees are due by the payment deadline listed above. Payments hold your seat in the program and must be made by this deadline. Effective for Winter 2021/Summer 2021 a \$500 late fee will be assessed for failure to pay full fees by Day 11 of the term start. Effective Fall 2021 onward, full fees will be due in order to register for courses. Please include your student name and student number on all correspondence and payments sent to Georgian College. Once the payment has been received, a PDF receipt will be emailed to you or your agent if you have applied through an agency. Payments received will be applied to the intake specified on the Letter of Acceptance. Deferred start dates are not guaranteed. The total invoice amount includes tuition and compulsory ancillary fees. Additional optional ancillary fees will be available for students to opt out of during registration. To view detailed descriptions of all tuition and ancillary fees, please visit: GeorgianCollege.ca/finance-and-fees.

REFUNDS

If your study permit is refused, a full refund of tuition fees paid will be issued. Proof of study permit refusals must be provided to be eligible for a refund. If you choose not to pursue studies at Georgian College, you may be eligible for a partial refund of pre-paid tuition fees less an administrative fee that is calculated in accordance with the Ministry of Advanced Education and Skills Development refund policy. Please also note that Citizenship and Immigration Canada (CIC) will be notified of your withdrawal from Georgian College. If a request for withdrawal is not received within the first 10 working days of the term, no refund for the first semester will be issued. [Please see our policy on our website.](#)

STUDY PERMITS

After you receive your official Letter of Acceptance, you may apply for a study permit. Visit www.cic.gc.ca for information about obtaining a study permit. Once your study permit has been approved, upload a copy to the IAS Applicant Portal along with your student number and confirmation of your arrival date.

HEALTH INSURANCE

As an international student, health insurance is mandatory and is included in quoted tuition fees. You must be registered into courses in an academic semester or registered for a work term/co-op term in order for health insurance coverage to begin for that term. If you arrive early, you may need to purchase additional insurance. Please visit the [Health Insurance](#) web page for more information. If you officially withdraw from the College (or transfer to another institution) after the Add/Drop deadline, your health insurance coverage will not be refunded.

CO-OP INFORMATION

International students in work integrated learning programs, such as co-op, internships, practicum, field placements, must have a valid co-op work permit in order to complete their work term in Canada. Due to lengthy Immigration processing times, we recommend students apply for this as soon as possible, prior to arriving in Canada, as any delay can impact their eligibility to work. Co-op Consultants provide resources and support including job postings; however, students must also complete an independent job search to maximize their success in securing co-op positions. Students can increase their opportunity for success with a valid driver's licence and flexibility with work term locations. **Students should apply for their co-op work permits when they apply for their study permit.**

REGISTRATION

Students are required to register themselves in classes **prior to arrival**. Registration is permitted for students who have provided confirmation of an approved study permit. Study permits should be uploaded to the IAS Applicant Portal. Accommodations will be considered for students experiencing delays in processing. Registration dates and times will be available in Banner two (2) months before classes start. To log in to Banner, your username will be: xxxxxxxx@student.georgianc.on.ca and your initial password is your date of birth (YYMMDD). You will be required to change your password after your first login. Once you have changed your password, you must register to reset your password. At your registration time, you will sign in to your Banner account and register for your classes. Check important dates for the first and last day to add or drop courses. Once you register, no changes can be made to your timetable until the add/drop period opens. You are responsible for the fees associated with your registration and must communicate a formal withdrawal to the college if you are unable to attend.

FORMS AND PLACEMENT REQUIREMENTS

A co-op work permit is required to begin placement. Many programs, particularly in Health and Wellness, Community Safety, and Human Services, include placements that require immunization or criminal record checks among other possible requirements. These requirements must be met before your placement starts. It is your responsibility to ensure that you are eligible to participate. Click on the "Placement requirement forms" tab on GeorgianCollege.ca/admissions/forms to see if your program has requirements you need to meet before the term starts. If you have questions, find your program coordinator's contact information at GeorgianCollege.ca/full-time-programs.

IMPORTANT INFORMATION

Refer to www.lambtoncollege.ca/International for arrival, orientation, refund and withdrawal information.

This acceptance is for Lambton College in Toronto (www.lambtoncollege.ca/toronto). By making a pre-payment you acknowledge that you have received, read, and agree to the terms outlined in our Important Information for Toronto Applicants PDF. If you did not receive this document you must contact international@lambtoncollege.ca before remitting payment. Transfers to other locations or into other programs is not permitted.

Lambton College cannot guarantee co-op placements for students. Students will be expected to canvass employers to find their own placement. Students that do not achieve a minimum cumulative GPA of 2.8 are not permitted to register in co-op; as an alternative, academically weak students will be required to complete an intensive in-class full time applied project during the fourth term of the program. Please review https://www.lambtoncollege.ca/Programs/International/Lambton_in_Toronto/Co-op_Career_Services/

A laptop with wireless capability is required in all programs. Courses may be delivered online - in part or in their entirety - due to the evolving COVID-19 situation. E-textbook and courseware purchases are mandatory for most programs.

Medical insurance is mandatory for all full-time, part-time & co-op students of Lambton College. International students are not permitted to opt-out of the medical insurance fee. Medical insurance is provided by Guard.me - a third-party insurance provider. Guardme does not replace the coverage under OHIP (Ontario Health Insurance Plan) for yourself or any member of your family. The medical insurance is a basic package that is subject to change on an annual basis. Not all conditions are covered and prospective international students are strongly urged to review the coverage details prior to arriving in Canada.

Guardme coverage is only effective from the first day of your academic term. Students who arrive early in Canada should independently purchase separate insurance to cover themselves until the first day of classes. Lambton College is not responsible for the costs of any form of health care services received or sought by the student.

Academic scheduling in certain programs may include Saturday classes.

Students must follow their prescribed program map and academic schedule. Students are required to withdraw if their prescribed program map and/or academic schedule is not followed. Deferrals will not be approved.

The stated tuition and living costs are provided as an estimate and are subject to change.

Second year fees are likely to increase by a minimum of \$600.

Please contact international@lambtoncollege.ca if you require this document in an accessible format.
