5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

Every Department has student Counselors to support students and resolve their issues. Students are encouraged to participate in various activities arranged by institute and they are supported with scholarships by DDU Alumni Associations. Student members are included in various student support committees and are encouraged to disseminate the information about University activities.

An orientation programmed is organized for the newly admitted students of UG and PG every year, to make the students aware about the available support services. The information is also rendered through prospectus which is given to students. Certain updates are posted on the website or displayed on the notice boards.

5.2 Efforts made by the institution for tracking the progression

The attendance of the students is monitored and widely circulated to make them alert. The information of the same is available online. Information of sessional and university examination results are also available online. The system also generates analysis of the exam results. Teaching feedback is taken from the students on a regular basis to find the scope of improvement.

- To closely associate with and be responsive to Industry.
- To create supportive and caring environment for staff and students.
- To Improve Research and Development activities in areas of national priority.

Mission

The University shall undertake programs and projects for development of human resources, both through formal and non-formal delivery systems, in areas of professional pursuits in all walks of human endeavours, with accent on relevance, value addition, societal needs and futuristic pilot projects.

6.2 Does the Institution has a management Information System

Yes.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

1. Each department reviews its curriculum every year to make sure that it is as per the industry demand and current research trends
2. Faculty members are encouraged to suggest changes in the current curriculum of their respective subjects.
3. Interesting suggestions are taken forward in BoS which is composed of senior faculty members of dept., industry experts and invited experts
4. Board of Studies (BOS) meeting held every semester for syllabus revision/restructuring /electives and sent to AC for approval.
5. AC at University level examines the proposal sent by BoS and approves/disapproves it.
6. Major restructuring of any course if required is carried out only after 3 years of successful running.

6.3.2 Teaching and Learning

1. Faculty members are required to prepare a Teaching Plan for the lab as well as lectures for their respective subject before the beginning of each academic session. The Teaching Plan should also include topics and experiments beyond the syllabus
2. Faculties are encouraged to upgrade their skills and knowledge through short-term training programmes/workshops/seminars/online courses like NPTEL.
3. Faculties are encouraged to use ICT based learning resources and advised to prepare learning material like PPT, hands-out, class-notes, assignments etc.
4. Most of the subjects are backed up with a considerable amount of lab assignments to emphasize practical knowledge and field exposure along with the theoretical foundation.

6.3.3 Examination and Evaluation

1. The University adopts the philosophy of continuous teaching continuous evaluations. Each academic session is divided into three phases. An internal exam is held after every phase with one third syllabus for continuous evaluation. The comprehensive evaluation is carried out at the end of the academic session by holding university examination with complete syllabus.
2. Remedial and Re-remedial exams are conducted to give second and third chances to weak students. It is compulsory for all the students to clear all subjects of current academic session by the end of next academic session.
3. The University prepares the academic calendar with date of all exams along with date of results in the beginning of academic year only and it is strictly adhered to.
4. At the end of internal examinations students are shown corrected answer sheets so that they can evaluate themselves and can get the idea how to overcome their lacuna. On demand students can see their evaluated answer books for the University Examinations.
5. Multiple sets of question paper are drawn by team of internal and external examiners.
6. Process is adopted to identify weak students (based on their performance in internal exams) and counselling with faculty members is arranged to bring their performance to acceptable level.

6.3.4 Research and Development

- Majority of the faculty members (More than 60%) are involved in research.
- On line access to research material through means of e-journals and e-resources.
- Financial support is given by the University to faculty members for presenting papers in the conferences.
- Faculties are encouraged to write article in reputed journals. Also, they are motivated for writing books.
- All most all department has PG and PhD programmers. The senior faculty members guides the PG/PhD students as well as junior faculty members in their research and publications.
- Faculties are inspired to improve their qualification by pursuing PG and PhD.
- Faculties are encouraged to apply for projects to various funding agencies like DST, FIST, UGC, SERB, GUJCOST, MEITY, etc.
- Faculty are encouraged to do consultancy work.
- Provision of RPC's for monitoring and guiding research activities of PhD students.
- Eminent personnel from academia, research, and industry are members of RPC's. The university is also well connected with premium research institutes in Gujarat like PRL, IPR, ISRO-SAC, CSMCRI, etc.
- Eminent personnel from academia, research, and industry are members of RPC's. The university is also well connected with premium research institutes in Gujarat like PRL, IPR, ISRO-SAC, CSMCRI, etc.

6.3.5 Library, ICT and physical infrastructure / instrumentation

- Library with ultra-modern facility like books, journals, e-journals, magazines, internet facility
- Developed new labs with sophisticated equipment, added new books in departmental library.
- Faculty members submit their requirements and on this basis department requirement is submitted for approval.
- Library is equipped with latest scanner, photo copier, and printers.
- Each faculty has its own library
- Book bank facility provided.

6.3.6 Human Resource Management

Job Analysis, Manpower Planning, Recruitment, Induction, Training, Career Development, Compensation, Benefits, Performance Appraisals, Internal Mobility, Grievance Handling.

6.3.7 Faculty and Staff recruitment

- Well defined process for faculty recruitment:
- Advertisement is published in newspapers and details displayed on university website..
- Eligible candidates appear for technical evaluation / communication test.
- Personal interview follows.
- As per requirement faculty recruitment is conducted at university level.
- Eligibility criteria/pay scale is as per University /UGC/AICTE/DTE/DCI/PCI/GOG norms as applicable.

6.3.8 Industry Interaction / Collaboration

1. Expert lectures by professionals for the benefit of students.
2. Developing contacts with the industry for student training and placement.
3. Collaboration with industry leaders like TCS, Infosys, GNFC, GSFC, RIL, Essar, Linde, L&T, Meghmaini Organics, UPL, Dyechem for training and placement of students.
4. Signed MOU with BOSCH REXROTH for Centre of Excellence in Automation Technologies. Also signed MOU with Roshni Computers, Baroda and Rajeev Machines Tools, Ahmedabad.
5. Shah Schulman Center for Surface Science and Nanotechnology is handling various industry research projects
6. Arranged industrial visits for the students to various industries under patronage of students cells of ISA,IEEE,IETE,IEI etc.
7. Help from industry experts is continuously sought for (a) expert views in BOS (b) inviting them for guest lectures and (c) examiners

6.3.9 Admission of Students

Admission process of students is transparent, merit based and it is conducted by the JACPC, Government of Gujarat.

- 1) Admission through Joint Admission Committee for Professional Courses (JACPC, Gujarat) which is fully transparent and based on merit.
- 2) Other than professional courses University handles the admission based on merit.
- 3) NRI admissions are done at Institute level based on merit. These admissions are based on JACPC guidelines and need to be approved by them.

For PG Programmes Yes ☒ No ☐

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

Remedial Exams within one months of publication of results.
Re-remedial Exams before beginning of new semester to help clear backlog before the new session begins.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

N.A.

6.11 Activities and support from the Alumni Association

- ✓ Continuous support from the Alumni in form of student scholarships, student training/placement, expert lectures. Offers funds and financial support to conduct various cultural and extra- curricular activities in the university.
- ✓ Alumni Association plays a key role for final and summer placement of the current batches and also for previous batches. Their feedback provides an insight to upgrade curriculum and introduction/removal of the content/subjects etc
- ✓ Alumni meet held every year.

6.12 Activities and support from the Parent – Teacher Association

- ✓ All the parents are invited for Orientation program and briefed about the academic calendar, pedagogy adopted by us and the expectation from parents for building the career of their child.
- ✓ Parents are invited on regular basis and their feedback is incorporated in various ways to improve the services to all the stakeholders.
- ✓ Regular meeting between parents/guardians and teachers provides a linkage to enhance the academic effectiveness of the program. It also helps to groom weak and bright students for their customized needs.

6.13 Development programmes for support staff

- ✓ Various training programs are organized and the supporting staff is encouraged to participate

6.14 Initiatives taken by the institution to make the campus eco-friendly

1. Implemented project for complete recycle of all the waste produced on the campus
2. Campus is free from tobacco.
3. Students and faculty members are encouraged not to honk within the campus to contain noise pollution.
4. Proper maintenance of gardens, trees, plants in the university campus
5. Tree Plantation Programme
6. The Eco awareness is created by posters/slogans and students are encouraged to be active members in environment protection.
7. Use of solar technology for street light and in Hostel
8. Monitoring of Water and Air Quality by Environment Audit Cell of University.
9. Dustbins are provided at all major locations to prevent any rubbish in the campus.
10. All the buildings are constructed to utilize maximum natural light.
11. Emergency DG set is available in case of power failure

Criterion – VII

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- ◆ Full recycling of all wastes on campus:
All the waste produced on the Campus is processed centrally. It is collected from all generation points, and this is the first step in the Clean Campus process. It yields tangible results for the University!
Further, it helps the University in creating an inter-disciplinary integrated knowledge generation, with real-time collaboration between the Departments of Chemical Engineering, Civil Engineering and Environmental Engineering, and the Anchor Institute to generate know-how which can be provided to other organisations gratis or generate revenue.
- ◆ Mission Outreach for providing Professional Education and Upgradation to Society:
The Anchor Institute for Chemicals and Petrochemicals Industries conducts courses for industry professionals of upto 6 months' duration.
In the process, University faculty also gain many insights into the current industrial practices, thereby learning the good parts and the scope for improvement.
- ◆ The Students of the university have been encouraged to start and run their own Campus Newspaper, the DDU CONNECT, for their interest and conviviality with the University. All the operations – matter collection, layout, photographing, printing, pricing and distribution are left to the students, and they learn to operate as per deadlines as a team.
- ◆ Seeing our competence, Bosch-Rexroth, a world leader, has established a Bosch-Rexroth Centre for Excellence in Automation Technologies at the Universities
- ◆ Just like the Doctoral programme, it is made mandatory to publish papers in the Masters' Programme also.
- ◆ Even in the UG Programme, Communication Skills are taught through task-based learning.
- ◆ Two separate platforms have been introduced in the PG Departments: for the students, (called WLS- Weekly Lecture Series) and also for faculties and outside experts, (called FSS- Faculties Series of Seminar) to present and share their views, ideas and thoughts. This is highly encouraged by the faculties for students as a beyond Curriculum skill nurturing platform.
- ◆ Faculty regularly visit industry in and around Nadiad for keeping abreast with the state-of-industrial-art.
- ◆ Industry visits for students are a part of the curriculum.
- ◆ Feedback from students, alumni and employers is regularly sought and is part of the Institute Quality Assurance Process.
- ◆ As usual, the Calendar is rigorously followed, including the Convocation Date of 9th May, as a unique unbroken tradition of the University.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- ◆ The first step in any process is the beginning of planning for the next academic year, and this is done in a very systematic manner as detailed in this Report, done very rigorously.
- ◆ The Academic Calendar is planned for each year, and adhered to rigorously.
- ◆ Integrating the Feedback and Curriculum Design and implementation, stretching to Board of Studies, and Faculty Development
- ◆ Push for Research, Workshops and similar competence improvement in faculty by Departmental Heads, finally working within financial boundaries to invoke the value of cost effectiveness within the faculty members

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

1. The evaluation process has been most comprehensive, fair and rigorous
2. Systematic planning and implementation of all activities, properly and effectively integrated for all-round development of the student

7.4 Contribution to environmental awareness / protection

1. Converting the Campus to a ZERO-DISCHARGE campus, with effective and efficient collection of all waste, and centralisation of its treatment system
2. Monitoring system for quality of air and water and its audit by the Environment Audit Cell
3. Campus is converted into a lush green campus with tree plantation
4. Tobacco free campus, to keep the campus clean and students healthy
5. Students have formed an Eco Cub and are conducting several activities and hosting many events to further the cause of sustainable life

7.5 Whether environmental audit was conducted?

Yes

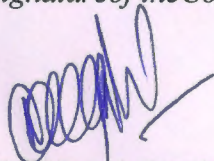

7.6 Any other relevant information the institution wishes to add (for example SWOT Analysis)

1. State of the art Nano Technology Research Centre
2. Research & Development department doing cutting edge research
3. Anchor Institute for Chemical and Petrochemicals sector in Gujarat State.
4. Latest laboratories in Dental Science, Pharmacy and Engineering departments
5. Master and Doctoral program in all the faculties.
6. Cancer Research Center established

8. Plans of institution for next year

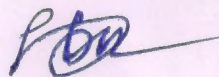

- Making the Medical Faculty and Hospital fully functional: technically, academically and administratively
- Enhancing research in various faculties
- Increasing engagement with various funding agencies for funded research projects
- Improving Collaborative research by identifying Industry partners
- Greater interaction with industry and institutions for signing more MoUs
- Improving the quality of Research, Seminars, Workshops and Conferences
- Enhancing the facilities of Laboratories, Workshops and Libraries
- Improving the IQA Process itself

Annexure I

Best practices in Infrastructure and learning resources

The University has continued its practice of central planning of all development work with detailed input from the Civil Engineering Department of the Faculty of Technology, all levels of which benefits from the experience as well.

That this approach improves the quality while it brings down the costs in each head of execution, is an added benefit.

The University has also advised the nearby Hostel facilities in improving their facilities to the benefit of the students.

Significant improvement is being planned in the Libraries of various faculties and departments.

The addition of the Faculty of Medical Research is a milestone not just for the University but for the entire Nadiad city and environs.

The University is in the process of formalizing a programme of continuous renovation of facilities especially the furniture.

Annexure II

Best practices in Teaching, learning and Evaluations

Teaching Process:

The University has a robust process of Curriculum Development, with Workshops being the mainstay. The workshops have contribution from senior faculty members, outside academic experts, industry experts, and alumni. These Workshops are held in all the faculties, and are attended by all faculty members.

The process finally takes into account student feedback as well, to ensure the linkage with learning.

The objective of the process is to create syllabi which are relevant, and can be completed in the stipulated semester time.

Thereafter, faculty members take up their lesson plans, and the development of lecture notes and presentations/ demonstrations.

Since the process is done every year, as a corollary, the process leads to the faculty members continuously finding newer ways of making the course relevant and interesting.

Learning Process: Improvements in the Teaching Process has automatic impact on the learning process, at least in the classroom, since all the work is done with the learning in mind.

Similarly, the timetable preparation is done in a method which leads to the maximum utilisation of the day, considering the classroom and laboratory facilities, which has the added benefit of keeping the student attentive and receptive.

The University also holds regular remedial sessions for students who require extra help. This is preceded by identifying any special needs. Further, the University also holds additional classes and programmes for preparing students for competitive exams. Apart from this, the University also pays great attention to learning beyond the classroom. Students are encouraged to take part in various activities outside of the classroom, like workshops inside and outside the University, competitions, presentations, seminars etc. Our Alumni association is generous in providing students with TA/DA for attending such programmes, which provides students with learning in managing such events as well.

Evaluation Process: The Course Committees in each Department decide on the weightages of various components, which are communicated to the students well in advance so they are spared of any stress. Enough discussion is held with them as well, so as to guide them over any issues. In the End-semester examinations in all subjects, half of the paper is invariably prepared and evaluated by an outside examiner. For courses where an oral or viva-voce examination is held at the end of the semester, outside experts are invariably invited for such examination, to ensure the quality of the examination, as well as to give the student a feel of the connection between his or her work and the real world.

Annexure III

Research, Consultancy

The Board of Research at the University has been laying down the process of promoting research work by the teaching faculty and researchers. This has led to a great interest in research and development work across all departments.

Apart from such University-wide programme, the University has also established full-fledged R & D Centro in the area of Information and Communications Technology, and for Surface Sciences and Nanotechnologies. These undertake specialized and very advanced work in their respective areas. Undergraduates are also encouraged to take up their final semester project work to take up their topics in these centers, to make for synergy.

Due to its long-standing reputation, the University has also been able to have its students take up projects with advanced and hi-tech organisations like BISSAG, IPR, SAC-ISRO, PRL, TRDDC, as well as many other industrial research organisations like Reliance Industries Ltd., IIT Bombay, etc.

These institutions also provide many projects for the PG students as well, thus making the entire effort a win-win process.

Professional bodies in various discipline like ISTE, CSI and IEEE have found deep roots at the University. The University has its own student branches of CSI and ISTE.

A Clinical Materials Research Laboratory has been established in the Faculty of Dental Science has to encourage its faculty and students.

The University has online subscription of IEEE journal and conference papers, Science, Direct and Online Subscription of ASCE JNL.

Research is promoted in novel ways also. Faculty of Dental Science has adopted a General Hospital of Uttarsanda a nearby village, where faculty members provide dental treatment to village people. In the process, they come to know of many problems at the very initial stage itself, since they go to the symptoms rather than wait for the symptoms to come to them, by which it is often too late.

All this work in isolation is not enough. Recognizing this, the University has actively pursued networking with other like-minded serious and capable organizations, by entering into several MOUs with different organizations to facilitate various activities like research, extension, consultancy, faculty exchange and development, students training and placement etc.

Annexure - IV
Quality Business / activity plan for achievement of quality objectives of Dharmsinh Desai
University, for the academic year 2017 -2018

DDU has implemented quality management system since last Sixteen years i.e. from 1-4-2002, in all of its disciplines /departments/ activity centers. The University has been following its quality policy in words and in spirit. It has been making all round continuous efforts for achieving its quality objectives listed here bellow.

1. Continuous improvement in Teaching.
2. Constant up gradation of course contents of all subjects, in all semesters, in all disciplines.
3. Faculty Development.
4. Student Development.
5. Improvement in Infrastructure of Teaching.
6. Increasing student strength & setting up facility for higher education in existing disciplines.
7. Expanding teaching in other disciplines like Medicine.
8. Increase in quantum and areas of consultation, certification and Research and Development assignments
9. Service to community in the area of Dental & other Health Care & in other areas of D D University's competency.

D.D. University has planned following line of action, objective wise, to have all-round continuous improvement in academic year 2017-2018, in achieving its quality objectives.

1) For ensuring continuous improvement in Teaching:

Deans /HODS continue to ensure as before,

1. Increasing use of teaching aids like power point presentations/ Web resources.
2. All faculties continue to explain to students, practical use & limitations, if any, for theories they teach, so that students will get guidance for actual use of their theoretical knowledge.
3. Students are continuously encouraged to take part in class room discussions making sessions more & more participatory by students.
4. Adequate assignments are given to ensure that students understand the teachings & its use/limitations.
5. Substantial improvement is brought about in teaching, by various measures, given here after, leading to improvement in faculty competence & also student development, which in turn improve quality of teaching.

2) Constant up gradation of course contents of all subjects, in all semesters, in all disciplines:

As per established practice of the University, for each & every subject, in each & every discipline, every year, review of course content is to be got done by concerned faculty & or subject head before commencement of teaching of the subject to ensure that course contents of each & every subject are up to date.

Deans/HODS to ensure continued compliance towards the policy without any exception.

3) Faculty Development:

For Faculty development action plan in **2018-2019** is as under.

1. To send 273 faculties for training / Workshop/ Seminar [2016-17 -204]. Seminars planned to be given by faculty are 72 [2016-17 - 56]
2. To depute 29 faculty for higher education. [2016-17 -27].
3. We have at present 33 faculty with Doctorate Degree and expect that in year 17-18, the number of Doctorate Degree holders will be not less than 33. The number of faculty perusing PHD course is 23 & will be not less than 23 in 2017-18. We encourage faculties for higher studies including for Doctorate courses. We also have 42 faculties who have M Phil / Tech / Master degree. In 18-19 the number will be over 42.
4. To arrange 85 expert lectures in 2017-18 as against 66 lectures in 2017-2018.
5. To arrange 68 Industry visits as against 47 in 2017-2018 with participation of 68 faculty members [2016-17 - 47] and 1620 students [2016-17 - 1217].
6. To encourage our faculty / students to take advantage of Inter Institutional Networking set up under TEQIP. The Inter Institutional Networking, gives access to faculty/students through E-Mail etc., to subject experts in various institutions having Memorandum of Understanding with D. D. University.
7. To encourage faculty to write research articles in journals. It is planned to have 91 Research Articles by Faculty [2016-17- 65], consisting of 51 in International Journals [2016-17. -41] & 40 research articles in national journals [2016-17 -24].
8. To encourage faculty to take part in seminars / conferences & present papers etc.
9. It is planned to substantially raise participation by faculty in Seminars / Conferences.
10. Fourteen faculties earned distinction of occupying chair in seminars/conferences/ Competitions in year in 18-19.
11. Our faculty members have written 13 books in year 2017-2018]. In year 2017-18, at least 13 books are expected to be written.
12. It is also planned to associate more & more faculties with consultation / Testing & R&D assignments to give them exposure to Industry / Market requirements.
13. D.D. University plans to have as many as 158 training programmes in 2017-18 [2016-17- 134] to impart training to students, faculties & others.

4) Student Development:

For student Development the action plan is as under;

To encourage students in all disciplines to organize more & more Students' events with participation at state level, National level & International level Programmes, and incorporating research paper presentation, technical competitive games, squeezes etc. In year 2016-17, student events were 100 with Participation of 3481 students. It is planned to have 114 events with participation of over 3800 students in 2017-18. Paper Presentation and giving seminar by students is also being encouraged in the events. Students from D.D. University participate in various competition also. Efforts will be made to ensure more & more students' participation & their better performance in 2018 -19 in various other activities, as under to ensure their all round development.

1. Sports & Cultural activities. In 2016-17, 1143 students participated in sports & 1313 students participated in cultural activities. In 2017-18 It is planned to have student participation in sports at 1385 & in cultural activities to 1562.

2. More & more industry visits.: Our University organized 23 Industrial visits with participation of 1217 students & 47 faculty in Year 2016-17. It is planned to raise the visits to 34 with participation of 1620 students & 68 faculties in 2017-18.
3. To arrange expert lectures; 66 lectures from experts were organized in year 17-18. It is proposed to have 83 lectures from experts in year 18 - 19.
4. To arrange mock interviews to acquaint students with latest interview techniques etc. with high participation of students.
5. To Ensure entrusting students with larger number of Projects from industry [having high learning value / calling for innovative ideas / Innovative Thinking as far as possible].
6. To encourage our faculty / students to take advantage of Inter Institutional Net working set up under TEQIP. The Inter Institutional Net working, gives access to faculty/students, through E-Mail etc., to subject experts in various institutions having Memorandum of understanding with D.D. University.
7. D.D. University plans to have as many as 158 training programmes in year 2018-2019 [2016-17 134] & impart training to students, faculty & others.

5) Improving Infrastructure in Teaching:

For improvements in infrastructure of teaching following measures are planned. D.D. University has already constructed a New Building for Pharmacy Discipline. Additions to Dental college building also have been made. Construction of new University office building is completed. A separate building is constructed for Mechanical engineering. Substantial addition, modernization/repairs of existing university teaching complex has been done. During 2018-2019 D D University is to complete setting up of ultra-modern Hospital as a first step for setting up Medical Discipline.

As regards learning resources it is proposed to have new books in 2018-2019 [In 2016-17, books were purchased]. In Four years ending 31-3-2016, D.D. University has spent no less than 43 crores for infrastructure Development It will meet all its infrastructure requirements for 18- 19 from its own resources and ensure that there is no problem in that regard in any discipline/Department what so ever.

6) Increasing student strength & setting up facility for higher education in existing Disciplines:

No increase is planned in student strength in 2018-2019

7) Expanding Teaching in other Disciplines:

D.D. University has already set up Two colleges for new disciplines of Dentistry & Pharmacy. It now plans to set up faculty of Medicine for which Gujarat State Government has promised all help & cooperation. It is proposed to set up a fully equipped ultra-modern hospital in 2018-2019 as a first step towards setting up Medical Discipline.

8) Increase in quantum & areas of consultation, Certification & R & D assignments:

Competition in the area has intensified due to efforts of various Universities & Institutes to obtain assignments from Industry. D D U has decided to make all out efforts to maintain /enhance the number/amount/areas of assignments. In 2016-17 the income from the activity was Rs. 174 lacs. In 2018-2019 the income is planned to be raised to Rs. 190 lacs.

9) Service to the community:

D.D. University has been, at most reasonable rates, giving service to the community in the area of Dental health care by providing facility of ultra-modern dental hospital with well qualified & experienced doctors.

Dental discipline has been holding camps to cater to need of society for dental care. Large Number of students & faculty have been participating in camps. The Dental Hospital has become very popular with larger & larger number of people availing its services. In 2017-18 it is planned to serve 130000 patients [2016-17-117000] for dental care. For other medical health care areas, the number of patients is planned to be raised to 4560 In 18-19 [in 2016-17 –3930].

10) To further improve liaison with industry for their help and cooperation for,

- i. Obtaining suggestions for updating course contents.
- ii. For knowing latest developments in industry.
- iii. For student placement for Summer project and also for Final placement.

Contact with industry is maintained not only by placement section of the university but also individually by each & every Discipline. It is planned to ensure still intensive efforts by each discipline in this direction in year 18-19 as can be seen from following information.

	Actual For 2016-17	Planned For 2017-18
1.No of companies contacted / planned to be contacted	170	190
2. No. of companies came/ expected to come for placement	88	95
3.students got /expected to get placement through		
4.Campus interview	393	425
5.Maximum salary per annum Rs. In lacs	11	12
6.Average salary per annum Rs. In lacs	3	3.2
7.Expert lecture for placement	13	20
8.Mock interview to be arranged & student's participation	02/50	04/120

The placement department has also entered into MOU with various companies for achieving higher level of placement.

11) D.D. University has planned to review its Critical Processes and Procedures and also review methods of measuring effectiveness of the Processes in 2018-2019.

12) D.D. University has planned to review procedure for preventive action & also corrective action given in Quality Manual of D.D. University in 2018-2019.

13) D.D. University has planned to review, in 2018-2019, working/effectiveness of Quality Management System implemented by DDU and also to review Quality Policy as well as Quality objectives of DDU.

14) D.D. University has planned. to review, in 2018-2019, its quality Management System and confirm in that Quality Management System in DDU is well maintained and the system confirms to ISO Standards 9001-2015 and to requirements of DDU.
