About Felific

DDU Students start looking forward to FELICIFIC the day they come back from Diwali vacation, and the 2018 Fest fulfilled all their wildest dreams!

The Technical-cum-Cultural Fest was organised this year from 5th to 9th March, with theme **MAGIC AND ILLUSION** – and the participants made magic come live on the Campus! Building on the learning from the previous years, the team of FoMIS (Faculty of Management and Information Sciences) with hearty cooperation and support from all the departments of FoT (Faculty of Technology) went on to plan and host the Festival with resounding success.

The Fest was inaugurated on the 5th morning by the Hon. Dr. Narottam Sahoo as the Chief Guest and Mr. Jaymin Bhuptani as Guest of honour of the Function. And soon, the students went on to immerse themselves in the festivities and competitions of their choice – whether to show their own talent, or to see the talents that their friends had!

In alphabetical order, the various Departments organised their events as follows:

The MBA Department hosted BIZZ BRAINZ, with events like Kaun Banega Manager, Product Launch, Management Quiz, Movie Making and Business Model. The events gave full scope for combining creativity with practicality, and brought out entrepreneurial talent.

Chemical Engg. Department chipped in with COLLISION, and hosted Techotalk, TroubleShoot, Chem-e-Quiz, Chem-e-Snap, Chem-ILLUSION and Chemo-ART, and the participants and spectators just lapped them up.

Civil Engineers, ever the creators, came up with CREATO SKYSCRAPER. Their events, true to their theme, were Dome, exQUIZme!, Sky-Scraper, Hydraulic-Lift, Road-Runner, Tech-Raiders and Seminar. All much admired by all the students.

Mechanical Engineering Department organised DIMENSIONS – with Hydro-Arm, a Workshop on 3D Printing, Mech Mystro, AutoCAD Workshop, Ultimate Jugadoo, and Mock Placement. The zeal of the participants was something to watch!

Computer Engineering came out with INSILICO, with events unique to them. Code Jam, Hardware Rush, Socialite, The Geek, Gaming-Fifa, and Gaming-Blur were the events that students threw themselves into with the spirit of engineers and game players.

IC Department gave us INSTRONICS – where the students honed their skills sharper than any knife! The events helped them do so were The Surgical Attack, Techno-Detective and Wizard of Biz. Students came out sharper than they thought they could ever be!

The EC Department was full of RESONANCE - and with a whole lot of events. They started off with Elite Talks, continuing with Poignant Disport, Quizo-Quizzare, Rack up the Radar, Resistance Rapture, Simulation Contest and finally Tech Genesis.

And the IT Department mounted a veritable TECH CRUSADE. Participants just lapped up Code Crunch, Technomine, Gaming Fifa/Clash Royale, Respect the Geek, and ending with a Seminar.

The other Host Departments, MCA and BCA, hosted TECHNOKSHETRA – and lived up to the spirit of the Festival, by hosting the Illusion Park on the Halloween Day. They also hosted Jigsaw Image, Tech-Travesty, LAN Gaming (Counter Strike) and NFS.

And of course the students went the whole hog for the Central Events – Technical and Cultural. HUNTRONICS, HACKATHON and ROBOTICS proved a massive hit – with the competitors and spectators alike.

This year also, technical events remained the center of attraction for students, with participation from other institutes also. 2083 students participated in technical events including Central Technical events organized by different departments in the University.

And the Cultural Events were the most eagerly awaited part of FELICIFIC.

And as the icing on the cake, each Day of the festival had its own theme.

Day 1 was the Traditional Day, with events like Trasure Hunt (Scavenger Hunt), Mehdi Competition, Make-up/Hair-style Competition, One-minute Game Show, Snake and Ladder, Karaoke.

Day 2 was the Back to School Day, with Kitchen King, Football Premier League, Rangoli Competition, and the Campus became a giant Rangoli.

Day 3 was the Halloween Day. Events organised included Paper Origami, Funk from Junk, Musical Chairs, Balloon Fight, IPL Auction, Movie and Karaoke.

Day 4 was Character/Bollywood Day. Students went mad over Box Cricket, Icecream/Candy Stick Modelling, T-shirt painting, Blind Fold game Dare Game, and Karaoke. The Day ended with the start of the Cultural Evening, with drama, dance and singing performances.

Day 5, the last day, was the Group Day. Man is a social animal, and groups are the most natural way of being social. On this day, the groups decided to show up as groups – with their own T-shirts and other parts of dress, showing off their group unity and diversity at the same time! On top of this, the day had event of Box Cricket, On Screen Questionnaires, 3-D Movie, Business Battle, Musical Chairs for Faculty and Karaoke.

And the Day 5 ended with the magnificent Cultural Event at the Central Lawns, with so many members of the extended DDU family in audience, along with many alumni.

In cultural events category, various off-stage and on-stage events were organized. There were 1289 participants in different off-stage cultural events. In cultural on-stage event, varieties of performances including dancing, singing, instrumental playing, drama and Mime were performed. In cultural evening, there were total 122 participants spread over two cultural evening on 9th and 10th March. In both cultural evenings, an audience of more than 1500 people, including students, faculty members and guests, enjoyed wonderful performances done by students of DDU.

The DDU CONNECT and SHUTTERBUGS teams celebrate the MAGIC AND ILLUSION that DDU was witness to for the five days! Indeed, that was no illusion! It is also a matter of satisfaction that the entire week passed off without any untoward incident. It is indeed totally of character of DDU, and it makes us all proud that DDU has once again demonstrated its legendary character lives on, just as its talent and enthusiasm were showcased and applauded.

It is also a matter of pride that the two very distinguished alumni, Mr. Jaymin Bhuptani of Ensign Business Solutions and Mr. Yatindra Sharma of KHS Machinery were the major sponsors of the Festival.

Overall, Felicific 2018 has been an awesome experience for all and will remain in memories for long time to come.

Dharmsinh Desai University

Dharmsinh Desai Foundation was established at Nadiad in Gujarat, by an eminent Parliamentarian and a social worker, Late Shri Dharmsinh Desai. This foundation was established to develop institutions that would improve the quality of life for the people in and around Nadiad. Though it has schools, colleges, public library and hospitals under its umbrella, this note will essential focus on the development and subsequent impact of Dharmsinh Desai University (DDU). From an affiliated college, started in 1968 as Dharmsinh Desai Institute of Technology (DDIT), offering Degree and Diploma in Chemical Engineering, DDU has now become a trusted name amongst a variety of stakeholders, namely, students, parents, researchers academicians, employers, other academic institutions offering higher level education, National Level Institutions and State & Central Government agencies.

The key milestones it has crossed in the past 40 plus of its existence are addition of Degree courses in Civil Engineering (1981), Electronic and Communication Engineering (1981), Computer Engineering (1985), Instrumentation & Control Engineering (1985), Information Technology (1999), and Mechanical Engineering (2014). Further it also added undergraduate programmes in Commerce (B.Com) in 1980 under Dharmsinh Desai Institute of Commerce, Computer (BCA, 1999), Management (BBA, 1999), Dental Sciences (2005), and Pharmacy (2006). It also added Post Graduate Level programmes like M.E. in Chemical Engineering (1981), M.E. in Electronic & Communication Engineering (1986), M.E. in

Civil Engineering (1986), MCA (1987), MBA (1994), M.E. in Instrumentation & Control Engineering (2002), M.E. in Computer Engineering (2002), M.Tech in Information Technology (2011), and M.Tech in Mechanical Engineering (2015). Doctoral Level programmes in Engineering/Technology, Management, Pharmacy, Physical Sciences and Social Science were initiated in 1981. DDU (erstwhile DDIT) became the First Autonomous Institute in Gujarat State. Later, in the year of 2000, it was awarded a status of 'Deemed University' by Government of India, in recognition of its commendable standards in Academia. In April 2005, the Government of Gujarat declared this Institute as a 'State University'. Oxford Summit of Leaders has declared DDU as the Best Regional University. DDU is approved by the UGC Under section 2f and 12B, accredited by NAAC, ISO certified.

It offered multi-institute programmes in nephrology care as well. And now, it is established a 700-bed multispecialty hospital, the biggest of its kind in Kheda District, which will serve as the core for its Medical Faculty.

Faculty of MIS

Faculty of Management and Information Sciences

The corporate world is as dynamic as the world it inhabits. The industry-focused and application-oriented graduate and post graduate programmes of the Faculty of Management and Information Sciences (FoMIS) equip students to swiftly adapt to and master this constantly changing environment.

In line with the Vision of the Founders, the Institute started efforts to provide professional education for students beyond the engineering fields. The first off the block was the Department of Master of Computer Applications (MCA) was established in 1987, when the field of computer science itself was at a nascent stage in India. It is one of the oldest Computer Application Department in Gujarat. The department leverages the best of technology education to give rise to professionals who are technically sound and proficient. DDU established its Center for Management Studies (MBA) in year 1994. The CMS has been getting immense response and has been in the league of top five colleges to have got occupied in the state. Two-year MBA programme is widely regarded as one of the best in Gujarat. The programme includes an internship or a live project that familiarizes students to the corporate work environment. There is a team of full time faculty members with a right number of guest lecturers from industry experts, the centre holds a perfect mix of faculty with industrial experience and energy, passion to impart and develop knowledge, urge to develop the managerial talent in the student.

Promising Dept of BBA Hotel management is established (BBA-HM) in 2013, is specifically designed for students aspiring to become hospitality professionals. The course encompasses aspects such as food production, food and beverage service, catering, front office operation, housekeeping and more. It also provides substantial training in the areas of sales and marketing, financial management, human resource management, hotel and catering law, property management and entrepreneurship development.

Faculty of Technology

The Faculty of Technology has a distinction of being the oldest and the biggest amongst of all the faculties of Dharmsinh Desai University. The Faculty offers 4 year Engineering degree courses leading to the award of Bachelor of Technology in

- Computer Engineering
- Chemical Engineering
- Civil Engineering
- Electronic and Communication Engineering
- Instrumentation and Control Engineering
- Information Technology
- Mechanical Engineering

The faculty offers courses leading to Master of Technology and Doctoral Programs in various branches of Engineering.

The Faculty also includes allied facilities like Shah-Shulman Centre for Surface science and Nanotechnology, R & D Centre, Environmental Audit Cell, Structural Design Center and Anchor Institute for chemicals and Petrochemicals.

TRANSLATIONAL RESEARCH

What is Translational Research?

The ultimate goal of biomedical research is to improve individual and public health by discovering new effective strategies for the maintenance of wellness and for the prevention and treatment of disease. The Institute of Medicine Clinical Research Roundtable identified two "translational blocks," or obstacles, to the realization of tangible health benefits derived from original research. The first block, or T1, is "the transfer of new understandings of disease mechanisms gained in the laboratory into the development of new methods for diagnosis, therapy, and prevention and their first testing in humans." The second block, or T2, is "the translation of results from clinical studies into everyday clinical practice and health decision making." Some authorities divide T2 into two components: "T2" includes guideline development, meta-analyses, and systematic reviews, whereas T3 includes dissemination and implementation research.

What do we Remember about T1/T2/T3 Research?	After all, what are the Advantages of Translational Research?
<p>Translational research seeks to produce more meaningful, applicable results that directly benefit patients. The goal of translational research is to transfer (translate) basic science discoveries more quickly and effectively into practice. TRI provides numerous key steps for moving ideas and products into practice that can curb production of new diseases and conditions.</p>	<p>Encourages and promotes multidisciplinary collaboration among laboratory and clinical researchers. Keep Our Workplace Safe!

Practice Good Hygiene

Wash hands with soap and water for at least 20 seconds.
Use hand sanitizer if soap and water are not available.

Disinfect surfaces like door handles, tables, and desks regularly.

Avoid touching your face and cover your coughs and sneezes.

Increase ventilation by opening windows or adjusting air conditioning.

Limit meetings and non-essential travel

Limit meetings and non-essential travel. If you must travel, wear a mask and maintain physical distance.

When video calls are possible, hold your meetings over video. If you must travel, use a private, well-ventilated mode of transport.

Suspend all non-essential travel and meetings.

Stay home if...

- You are feeling sick
- You have a sick family member at home

Take care of our emotional and mental well-being

Outbreaks are a stressor and can take time to resolve. We have to support and help each other in this time of crisis.

Winning Poetry:

Who are Youth?

You know who are Youth?

Youths are morrow's nation, Plays
vital role in civilization.

But it's so discouragin,
that youth is fully deformed.

Not for COVID crises,
but that's consumption crises.

You think it is cool,
but you are biggest fool.

So, stop this stupid thing,
need biggest change to bring.

We know that time is tough,
but don't become so rough.

Take a deep breath,
Start to learn,
cause education is earned.

What is sown today,
is what been reaped later.
So, take advantage of time,
and make the future bright.

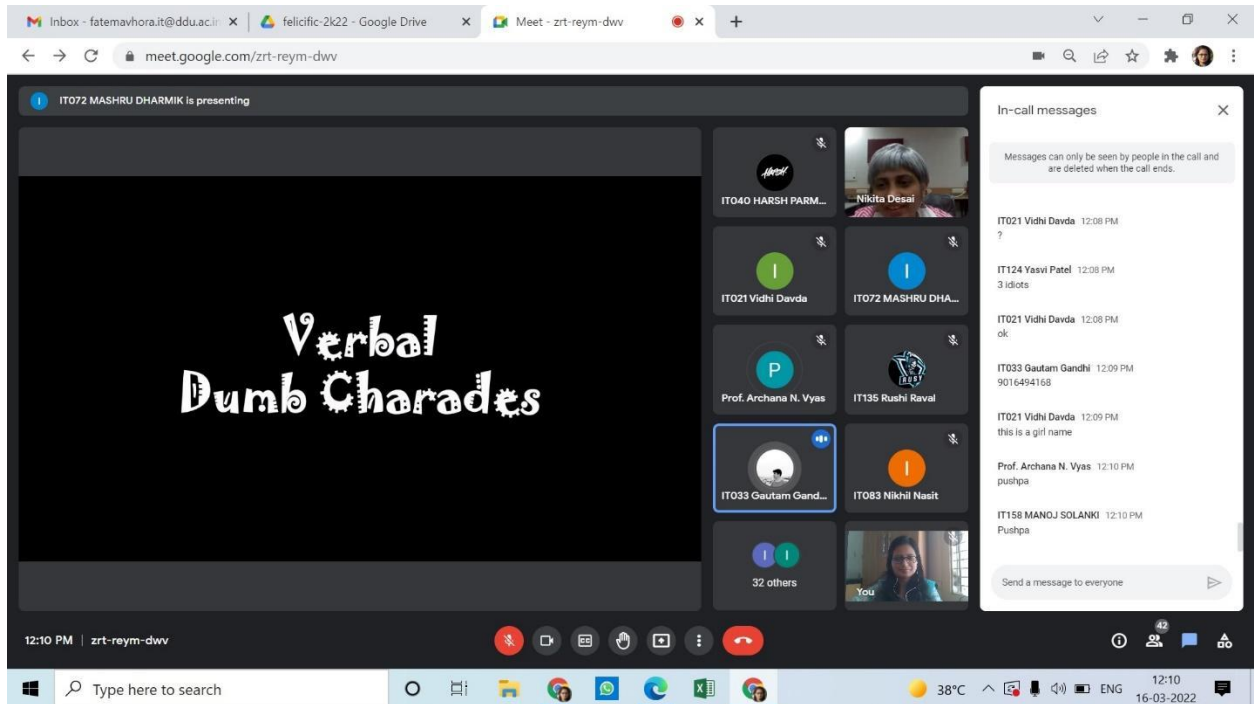

Let us join hands for better
tomorrow.
India needs us and we should
stand for HER.

The International Day of Yoga has been celebrated annually on June 21 since 2015. Our Honorable Prime Minister Shree Narendra Modi, in his UN address in 2014, had suggested the date of June 21, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world. Yoga is a physical, mental and spiritual practice, which originated in India. In accordance with this spirit NSS Unit of Faculty of Dental Science, DDU celebrated International Yoga Day on 21st June 2022. Meditation followed by practical session of Yoga was planned in which NSS volunteers of college participated enthusiastically.
