Considering the covid 19 scenario, many students are still following work/study from home mode. With the aim to give equal opportunity to the students for **Online** and **Offline** participation, each and every activity during the two hours of time was carved to be the perfect blend of both the modes. The event started with mild instrumental songs and assembly of all the offline students as well as faculties in MMH and at the same time, online students on Google Meet. The hosts for the initial time were online. They started with the importance of Teachers' Day. Shruti Patil (IIIrd Sem. EC) sung a beautiful prayer. The next was the offline performance of Bharatanatyam Dance on fusion of various classical and Bollywood songs in context with the theme of the program.

Students felicitated Head of the Department, Dr. H. S. Mazumdar (Professor & Head-R&D), Dr. Laxmi Desai(Head, Mathematics) and all other faculties of the department with a bouquet and sweets.

Lecture (15 Mins * 2)

Offline duo of Namra and Princee took over the charge of hosting. Two girl students Kesha Gopani (Sem. VII) and Muskan Vora (Sem. V) presented the lecture of 15 minutes each on the topics : (a) Evolution of Wireless Communication and (b) LiFi Technology, to their fellow students and juniors

Mimicry - Identify the teacher

A few students created 8 videos mimicking different Professors teaching style. Which was quite hilarious for the audience. They also mentioned that apart from great academic excellence, individual characteristics and teaching style students are keeping with them as memories by enacting their favorite professors.

Song with Instruments

Pushp Sopori (Sem. V EC) and four other students recorded their music performance with instruments and vocals from their home and merged those together as a single video and sent pre-

event. Their efforts with motivating fusion of Bollywood songs was exceptional even at such a small short notice. They even tweaked lyrics to suit the EC branch.

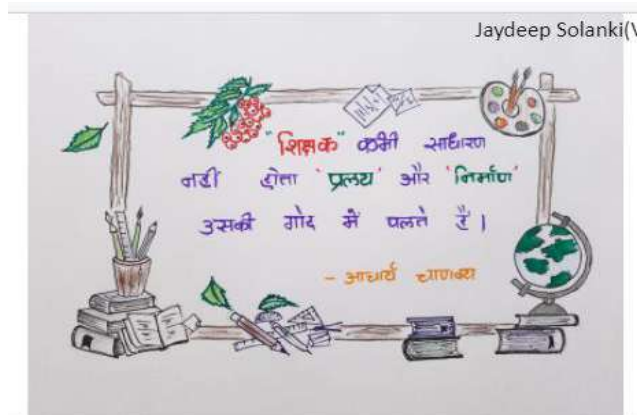

Poetry

Next was Poetry Reciting. Three poems were written and recited by artists from their homes through Google Meet. One poem similarly was presented in MMH by a student.

Gratitude through Art

Even when they were at home 11 Students created art pieces to show their respect to teachers. Krinali Sanghani collected the set and presented it from her home. She showcased each piece with details about the material (color types used) to make the piece as well as the interpretation of the message from the art.

Thank You Speech

4 Online students and 2 Offline students mentioned their gratitude to different professors and also mentioned a few of incidences from their experience at DDU. A thank you video was presented IT students of Sem. V who studied EC subjects in first year.

Reflection from Senior Professor

Towards the end the students welcomed senior most professor of the department to give reflection on the program and shower students with blessings on behalf of the department. Dr. Nikhil Kothari expressed his thoughts and convey wishes to the students on behalf of the department. He was quite glad to attend the event. He said, in his 5 plus decade of life this type of program he has never seen. He also mentioned this can be the ray of hope full of color after the pandemic life for all of us.

Vote of Thanks

Student representatives concluded the event with vote of thanks. They whole heartedly thanked honorable Vice Chancellor Sir, Dean Sir, Head of the Department, all present staff members, all contributing students for their art and active participation.

3) Poetry

Winning Poetry:

Who are Youth?

You know who are Youth?

Youths are morrow's nation, Plays
vital role in civilization.

But it's so discouragin,
that youth is fully deformed.

Not for COVID crises,
but that's consumption crises.

You think it is cool,
but you are biggest fool.

So, stop this stupid thing,
need biggest change to bring.

We know that time is tough,
but don't become so rough.

Take a deep breath,
Start to learn,
cause education is earned.

What is sown today,
is what been reaped later.
So, take advantage of time,
and make the future bright.

Let us join hands for better
tomorrow.
India needs us and we should
stand for HER.

Programme/Event Summary

The faculty of medicine organized the celebration of Gurupurnima under the theme of Azadi Ka Amrut Mahotsava on 13/6/22. The day was started by greeting all the faculty of medicine with flower and a note of thanks, in which there was a beautiful quote written for each and every faculty. Then 1st year students of BDS prepared wall of gratitude where all the students can stick the notes in which students can write a special message for their favourite faculty who has same characteristics like what our freedom fighter have. It became very interesting when faculty came to know about their favouritism as well as their hidden quality which only students can identify in a teacher. At end of day Dean of the medical faculty and Additional dean gave a speech on the importance of teachers in life and thanked all the students for their participation.

Programme/Event Summary

A certain day for yoga was introduced to raise awareness worldwide about the importance and impact of yoga on the health of people. Yoga is derived from the Sanskrit word "Yuja," which means "to unite," and refers to the integration of body and mind. It is an ancient type of mental, physical, and spiritual exercise that aids in mental and physical fitness. Yoga is an ancient Indian discipline that stretches back to pre-vedic times.

Programme/Event Summary

In month of august, we faculty of medicine celebrate Azadi ka amrut Mahotsva by spreading awareness on organ donation through different activities. On the 20th august 22 the organ donation awareness rally is organized with necessary permissions from authorities. Students were instructed to make posters and banners for the rally. Rally was started 8 o'clock in the morning and a route for the rally was provided to the students which was from NDDFMSR campus to Mahagujarat circle, Nadiad . Dr. Janardan Bhatt and Dr. Jital Rabari collaborated with the student on the entire route. After the rally students were gathered in the lecture hall. Some students from the second year batch performed a skit on organ donation theme. Skit performance was on the basis of organ retrieval and doctor and relative communication for organ donation decision. At the end of performance students were encouraged by giving certificates .
